

Taking Census

His mail pouch filled with unemployment census report cards, the letter carrier, above, is shown in a posed picture, revealing how he will begin deliveries to Santa Ana homes Tuesday. He is just one of many thousands of carriers who will deliver in thousands of American cities Tuesday and Wednesday. Purpose of the census, asked by President Roosevelt with approval of congress, is to obtain an accurate, official count of the nation's jobs. No postage is required for return postage.

Raps Civil Service In Interview

Paul Witmer, former mayor of Santa Ana, in a statement today pointed out that civil service for police and firemen, to be effective, must carry a retirement pension system which, he said, would be an added expense to the city.

Witmer said: "I believe in the merit system for the various employees of the city, however, civil service will not, of itself, cure the evils of a political or spoils system of employing those people carrying on the business of the city."

"The success of a civil service method will depend entirely upon the board or commission that is in charge of it."

**Pension System.**  
"Furthermore, the civil service plan must carry with it a pension system for the employees as otherwise police, fire and other departments will, in a few years, be composed of old and physically handicapped people who would not be fit to cope with emergencies."

"A pension system will provide for the retirement of those who, because of age or physical disability, are unable to give efficient service. This will be an added expense to the city but there must be some inducement for the civil service employee to retire."

NOTED AUTHOR HURT IN AUTO ACCIDENT

HOLLYWOOD, Nov. 13.—(UP)—Donald Ogden Stewart, 50, famous author, was injured seriously today when he was knocked down by an automobile driven by Martin Zukerman, 20, who was not held by police.

Stewart suffered a possible skull fracture and numerous cuts and bruises. After emergency treatment, he was taken to Cedars of Lebanon hospital.

Police said Stewart was walking in the center of Hollywood boulevard, the film colony's main thoroughfare, when the accident occurred.

MARBLE GAMES TAKE \$80,000 EVERY MONTH, SAYS JACKSON

Anyone who thinks that the marble games are a chicken-feed matter compared with race-track betting or other forms of gambling, said Sheriff Logan Jackson today, should be advised and should keep in mind:

1.—That the marble games take far more money out of the community than the race-track betting agencies, representing a loss of \$80,000 per month to Orange county.

2.—That wherever a petty racket is allowed to get a foothold and becomes established, it rapidly develops into the larger and more vicious rackets that now curse the large cities.

3.—That the marble games and punch boards, as operated here prior to the sheriff's recent raids that wiped them out, constitute a three-fold menace: to law and order, to the morality of our youth, and to our business and economic interests.

**Answers Critics.**  
The sheriff's statement today took note of criticism in some quarters as a reaction to his move in raiding Santa Ana and Orange for marble machines, slot machines and punch boards, with resultant routing of all such paraphernalia in other parts of the county.

"I find, however," he said, "that it's the same old line-up. Those who favor gambling and the wide-open policy resent my action."

RULE BANKRUPTCY ACT INVALID

Man Held In Hit-Run Case

BAIL IS SET AT \$5000 BY BEACH JUDGE

William P. Weber, 49, Ramona street, San Clemente, whose automobile, police say, is the one that crushed out the life of 14-year-old Donald Hachez, Laguna Beach high school student last Wednesday night, will face a preliminary hearing at 10:30 a. m. next Wednesday on a felony charge of hit and run driving.

Time for the hearing was set today by Justice G. C. Cravith, Laguna Beach, who set Weber's bond at \$5000 at the arraignment. His appearance in court followed his arrest when he surrendered at a California highway patrol office late yesterday, in company with a Los Angeles bail bondsman. Early this afternoon, bond had not yet been posted.

**"Left Car"**  
An eye-witness, Clyde Forsythe, Canton, Ohio, alleged according to beach police, that Weber, after the accident, stepped from his car, viewed the fallen boy and his crushed bicycle, and then left in his car.

He suffered badly lacerated face, he revealed when he appeared at the patrol office.

"I was driving south on Coast highway between Laguna and Del Mar park (near Golf island) when some object struck my windshield and the glass and the impact rendered me practically helpless."

LAY PLANS FOR EXTRA SESSION

WASHINGTON, Nov. 13.—(UP)—Senate Majority Leader Alben W. Barkley, D., Ky., today said that "There may be a simplification" of the proposed regional planning legislation which would be intended to lessen controversy over establishment of seven additional TVA systems in the nation.

At the same time Speaker William B. Bankhead said that under tentative plans the house will begin its legislative work Tuesday by starting consideration of the first of two government reorganization bills. Monday both houses will hear President Roosevelt's special message.

**Delay Action**  
Barkley, following a conference with President Roosevelt this morning, also said that "in my judgment, we cannot act this session."

"FROZEN OUT"

CLEVELAND, Nov. 13.—(UP)—A relief client and his wife complained to police prosecutors that their landlord, Philip Stefano, removed doors from their apartment suite to "freeze" them out, saving himself the trouble and expense of evicting them formally in court, when their rent was overdue. Stefano was to be arraigned today on charges of failing to keep an apartment house in proper condition.

JAPAN "OUT OF STEP," ASSERT THREE POWERS

Duce's Son Escapes In Air Attack

ROME, Nov. 13.—(UP)—It was reported reliably in aviation circles today that Bruno Mussolini, son of the Premier, narrowly escaped death on Tuesday when Loyalist air bombs fell in an airfield at Majorca near the entrance to a hangar where he was conversing with a group of fellow Italian aviators.

A bomb fell a short distance from the group and the explosion knocked the fliers to the ground. Mussolini escaped injury but the commander of the squadron, Col. Attilio Biso, was thrown against the wall and dislocated his shoulder.

It was understood that ever since Mussolini arrived in Majorca, government aviators have intensified their bombardments of his base, whose airfield is now said to be unusable.

COURT DENIES AGENCY'S PLEA

Superior Judge H. G. Ames yesterday refused to interfere with city and county officials in their attitude toward the race-track betting agency operated by the California Forwarding Company in Santa Ana, and denied the injunction sought by that agency.

An appeal may be taken from the ruling.

A court of equity has no right to restrain officers from doing their duty, unless they seek to enforce an invalid statute, ruled Judge Ames, disagreeing with the contention of Attorney Z. B. West, representing the race-track agency, that Sec. 337, of the penal code, which is the state gambling law, was partially invalidated by the race-track law amendment of 1935.

**Law Controversial**  
The 1935 amendment provided that bets placed in race-tracks for bettors outside of such tracks would be legally considered as placed inside of the track, in conformity with provisions of the original race-track law of 1923.

Sec. 337, the gambling law, bans all betting.

Assistant District Attorney Preston Turner, representing the county officials, said, and Attorney Adrian Marks, appearing for the city, in the absence of City Attorney Blodgett, cited court opinions holding that the 1935 amendment

FEAR KIDNAPING AS MAN DISAPPEARS

CHICAGO, Nov. 13.—(UP)—Detectives questioned traders of a thriving city meat and produce district today in search for Wilson S. Davis, 23-year-old son of a wealthy retired Wisconsin banker, who last was seen Tuesday at one of the mart's commission houses.

Chief of Detectives John L. Sullivan said Davis may have been kidnapped or waylaid by holdup men. Davis, a northside meat store owner, left his home Tuesday morning, made some purchases at the Illinois Commission company, and disappeared. His automobile was found near the market Wednesday, with an empty gasoline tank.

NATIONS MAY RESORT TO "PRESSURE"

BRUSSELS, Nov. 13.—(UP)—A draft declaration saying that Japan is out of step with the rest of the world and that the Far Eastern conference will envisage stronger measures if she refuses to make peace with China was submitted to the conference today on behalf of the United States, Britain and France.

The declaration was preceded by speeches of delegates of the principal powers, including Norman H. Davis of the United States, who warned Japan that it was to her own material interest to cooperate in ending the war with China.

**Draft Declaration**  
After expressing hope that Japan would change her attitude, the draft declaration said: "If, however, this proves not to be the case, the representatives met in Brussels, must consider what is to be their common attitude in a situation where one party

YOUTH ADMITS KIDNAP THREAT

HOLLYWOOD, Nov. 13.—(UP)—A 20 year old Michigan farm youth confessed early today, according to the sheriff's office, that he mailed a letter demanding \$1000 to Marion Davies, motion picture star.

The youth gave the name of John Timney. He was jailed on an extortion complaint filed by federal agents.

Timney readily admitted writing the note, when nabbed in front of a downtown hotel, deputy sheriffs said, and declared he would plead guilty in federal court this morning.

The note was reported to have been a demand that the money be delivered to him in person by Miss Davies, who was to wear dark glasses and meet him in front of a South Main street theater.

Miss Davies was warned in the note not to notify authorities, "or you'll get it," deputies reported.

Timney said he came here three weeks ago from Detroit and was jobless and hungry.

"I was broke, and I thought I'd get some money this way," he said, quoted him as saying as he was booked at the county jail.

"I thought I'd write to Marion Davies because I figured she has more money than anyone else."

"But I didn't expect to get caught at it."

KNEES KNOCK OUT \$20,000 JUDGEMENT

OMAHA, Neb., Nov. 13.—(UP)—The jury listened intently as 27-year-old Vesta Conaway, former waitress, walked across the district courtroom. Her knees knocked audibly.

Then she testified the knocking developed from an injury suffered when she was struck by a tea company truck, and reiterated her plea for \$25,000 damages.

The jury retired and returned with a verdict awarding her \$20,000.

"I cannot refrain from commenting that you gentlemen of the jury are very generous," Judge Charles Leslie said.

Judge Finds Young Man Too Smart

By GEORGE HART  
This was going to be very easy. Like shooting fish.

The smart young man made a business of going about the country and getting unclaimed and forgotten money out of trust funds in the hands of county clerks, or other officials, and then splitting with the owners.

He sat in Superior Judge Homer G. Ames' chambers, glibly presenting his claim for a \$24 deposit made in the Orange county clerk's trust fund just 29 years ago, to the credit of Dr. W. S. McFarlane, Anaheim veterinarian.

That money represented the surplus left after District Attorney L. A. West had, in May, 1917, padlocked a building owned by Dr. McFarlane at 116 West Charters street, Anaheim, in connection with

STORM WRECKS SHIP; 22 LOST

NEW YORK, Nov. 13.—(UP)—A Greek freighter sank today in a storm that raged over the Atlantic seaboard, damaging shipping and grounding air planes.

The weather bureau ordered storm warnings hoisted from Atlantic City to Sandy Hook in advance of a disturbance of "marked intensity." The Greek ship Tzeny-Chandria of Chios began sending distress signals before dawn, and a D. C. Mallory tanker, Swiftsure, raced to her aid 10 miles off Cape Hatteras, N. C., where a lifeboat bearing six men was picked up.

The rescued sailors indicated that a second lifeboat carrying 14 men was adrift in the storm swept seas and that eight other men had leaped into the ocean in lifebelts.

The Swiftsure, joined by the Coast Guard cutter Sebago out of Norfolk, started a search for the other sailors.

High winds beating against the Delaware and Maryland Coast drove 21 vessels to shelter behind the 19, 10 barges, and a large pleasure boat. On shore traffic in metropolitan New York moved slowly because of uprooted trees on the highways.

A 38 foot lobster boat caught in the gale off Rockaway Beach, N. Y., was driven into shallow water where it capsized. Three members of the crew swam through heavy surf. They were picked up by coast guardsmen.

Once the rendezvous is made the warships will proceed under conditions which will simulate, as near as possible, those of actual warfare.

FIRE WRECKS HOME OF MAJOR BOWES

MILLWOOD, N. Y., Nov. 13.—(UP)—Fire Chief Walter Deems investigated today the cause of the fire that destroyed "Laurel Hill," the 19 room residence of Major Edward Bowes, theater and radio impresario, which contained a number of valuable art works.

More than 100 paintings were destroyed. Servants said the fire started in a chimney. Bowes was not at home.

Deems estimated the loss at \$50,000, not including the furnishings.

Next Week They'll Wed

The romance of Betty Grable, motion picture actress, and Jackie Coogan, former child star, has been one of those denial and counter-denial things for years. Now it's official. They're shown filing notice of intention to wed in Los Angeles. Ceremony, to be held soon, will be private.

"MARK OF SHAME" INTRODUCED TO CURB DANGEROUS DRIVERS

"Red Stripes in the Sunset" became the new theme song today in Superior Judge James L. Allen's criminal court, where he inaugurated a new policy of branding major traffic law violators with a public badge of shame—and warning.

Any such traffic violator in the future will have a nice red stripe, broad and bright, painted entirely around his automobile at the belt line, Calvin F. Sutton, of Huntington Beach, will pioneer the new stripe parade.

**Short Parade**  
Judge Allen expects that it will not be a very long parade. He does not believe that drivers will like the idea of not only losing their license to drive, but also having the red stripe painted around their cars, to tell the world they are dangerous drivers and have been deprived of the privilege of driving. Also to point the finger of suspicion, when the car with a red stripe is seen, that the driver of that car has no business being at the wheel.

The driver of a red-stripe car, Judge Allen explained, will probably be pulled to the curb by every officer encountered, for exhibition of driving credentials. For the red-stripe will mean that the car owner's license is suspended and he shouldn't be driving. Someone else may drive for him, and if such person has a proper license it will be all right. But the officer will want to know all about that. So the course of the red-stripe car will be slow. It would be a poor-car to take in reaching a fire.

**Thrown For Loss**  
Carrying out the football motif, the stripe will indicate that the driver has been thrown for a loss. Judge Allen expressed belief that most drivers would much prefer red welts across their backs from a public whipping post, rather than the red stripe around their cars.

NAVY PREPARES TO 'DEFEND' S. C. COAST

SAN DIEGO, Cal., Nov. 13.—(UP)—Intensive maneuvers, designed to perfect the defense of the Southern California coast against any enemy fleet, will see the mobilization of more than 200 airplanes and 100 surface warcraft of the U. S. Navy Monday, it was announced today.

Battleships and heavy cruisers from San Pedro will rendezvous with aircraft carriers, destroyers, light cruisers and submarines somewhere off the coast Monday morning. The maneuvers will keep the fleet in action until Friday night, it was said.

Once the rendezvous is made the warships will proceed under conditions which will simulate, as near as possible, those of actual warfare.

LUMBER MEN RAP WAGE AND HOUR BILL

NEW ORLEANS, Nov. 13.—(UP)—The National Lumber Manufacturers' Association added its opposition today to any proposed federal wage and hour bill.

At the closing session late yesterday the lumbermen passed resolutions opposing the Black-Connelly wage and hour bill; transfer of the forestry service or any other agency of the department of agriculture to the department of interior; increased railroad freight rates on lumber; the executive reorganization bill; renewal of the Canadian reciprocity treaty upon its expiration next year.

Alcatraz Convict Commits Suicide  
SAN FRANCISCO, Nov. 15.—(UP)—Edward Wutje, 36, serving 27 years for murder on the high seas, committed suicide in Alcatraz prison early today by using a blade of a pencil sharpener to the handle of a safety razor blade and cutting both sides of his jugular vein.

Warden James J. Johnston said it was the first case of suicide since the island prison was opened as a federal penitentiary in August, 1934.

INTERFERES WITH RIGHTS OF STATES

FRESNO, Cal., Nov. 13.—(UP)—Federal Judge Leon Yankwich today ruled the federal municipal bankruptcy act was unconstitutional on the grounds it was an interference of state rights.

It was the second time that such an act was declared unconstitutional. The Supreme Court of the United States outlawed the 1934 act in May, 1936.

The attack on the constitutionality of the law was brought by bondholders of the Tulare county Strathmore-Lindsay irrigation district of California.

**May Appeal Decision**  
Judge Yankwich declared that his decision may be appealed directly to the United States Supreme Court under provisions of the new judiciary reform act. The act he ruled upon was approved by President Roosevelt on Aug. 16, 1937.

The jurist said he was bound by the decision of the Supreme Court on the original law in making his decision.

"As a student, I agree with the minority decision concurred in by four justices of the Supreme Court, but as a judge, I have no right of private judgment and must apply the law as upheld by the majority," Yankwich said.

APPEAL IN OIL CASE PROBABLE

FRESNO, Nov. 13.—(UP)—An appeal to the Supreme Court seemed probable today in the government's \$22,000,000 suit against the Standard Oil Company of California to recover title to a section of rich oil land in Elk Hills near Bakersfield, Calif., regardless of the decision to be handed down by Federal Judge Leon Yankwich.

Judge Yankwich took the case under advisement at the conclusion of arguments late yesterday and indicated he would make his decision in Los Angeles in several weeks.

Madrid Encircled By Rebel Armies

HENDAYE, France-Spanish Frontier, Nov. 13.—(UP)—Fierce engagements directly south of Madrid were reported in dispatches to the border today to be prelude to a Nationalist attempt to encircle the city.

The sector has seen comparatively little action since late last winter when the Nationalists made their desperate push in the direction of Arganda and the Valencia main road.

Military observers on the border believed that it was the opening move of a "pinch" push to cut off Madrid from all outside communications. It was said that it would be timed with the Nationalist "Big Push" on the Aragon front northeast of Madrid.

MAYOR URGES COOPERATION IN UNEMPLOYMENT CENSUS

With plans complete today for taking of a census of the nation's unemployed next Tuesday and Wednesday, through delivery of report cards to every Santa Ana as well as to every other home in the country, Mayor Fred C. Rowland issued a proclamation, asking Santa Ana citizens' cooperation in bringing an accurate report for the city.

He announced, also, that his mayor's committee, has arranged for a questions-and-answers radio program over KVOE Monday evening at 5:45 for 15 minutes, when details of how the report cards should be filled out and who should fill them out, will be given.

Speakers on the radio program will include the mayor, Joel Ogilvie and Frank Harwood, postmaster. The report cards are to be delivered to 31,000,000 American homes. "I shall try to use these reports for the benefit of all who need and want work and do not have it," President Franklin D. Roosevelt said.

Here is the mayor's proclamation:

"At the direction of the Congress, the President has approved a plan for a census of all unemployed and partly unemployed workers.

"The census will be taken under the direction of John D. Biggers, Administrator, and the actual distribution of cards and helpful information will be accom-

red-light abatement proceedings. The sheriff had confiscated and sold furnishings of the establishment, to pay costs of prosecution, the surplus being deposited with the county clerk to the credit of Dr. McFarlane, who never claimed it.

The smart young man handed Judge Ames an order for payment of the \$74, signed in a trembling, palsied hand with the name of W. S. McFarlane. The signature was attested by a notary under the date of November 5, in a Texas city. The judge scanned the signature thoughtfully.

"Er, if you don't mind, how did you locate him," he asked the young man.

"Through his married daughter. The judge's brows lifted slightly. "Ah, I see. And how did you get in contact with her?"

"I searched the marriage license records, and found a person whose maiden name was McFarlane. I interviewed her and she told me that W. S. McFarlane was her father. He's a minister in Texas, now."

Judge Ames looked startled, remembering the abatement proceedings of 20 years ago. "A minister, now, eh?"

The young man leaned back, smiling. "And now if you'll sign this order on the county treasurer for the money," he said easily. Yes, it was just like shooting fish.

"Read 'Em and Weep!"

Then his expression changed, for he saw the judge's expression also changing. The judge was looking very stern. He reached to one end of his desk, picked up a file of papers, and laid them before the smart young man.

"Here," he said severely, "is the file of the court proceedings for probating the will of the late Dr. W. S. McFarlane, of Anaheim. He died in 1910. You will find his true signature on the will. I am familiar with his signature. I once was his attorney. I know all about him and how this \$74 came to be on deposit. Incidentally, he never had a daughter."

The smart young man was a picture. Sweat fairly streamed from his face.

"I think the district attorney had better hear your statement; the grand jury may want to hear it, too," said the judge.

Face Very Red

"It would be most embarrassing to face the grand jury," the young man said, trembling. "But I'm in the clear on this. The woman told me he was her father and that he was the Anaheim man. I paid her half of the amount today for an assignment of the claim."

District Attorney W. F. Menton was called, and the story was repeated to him. Then the young man was allowed to depart.

The smart young man had not known that Judge Ames was primed for him. He had first interviewed Deputy County Clerk Elmer Schaniel, who had noted the probate records of Dr. McFarlane's will and scented the move that was afoot. Schaniel notified Judge Ames that he would have a caller, and that a signature probably would be presented. Judge Ames, himself a resident of Anaheim with a clear memory of the whole case, did the rest.

District Attorney Menton said today that he probably would not prosecute. "Whatever conspiracy there may have been, occurred in Los Angeles and we would not have jurisdiction here," he said.

Heirs of Dr. McFarlane are expected to claim the \$74, now that it has been brought to their attention.

## Smoking Out Chinese at North Station

Here the camera gives you a front row seat at the most spectacular advance yet made by the Japanese in the battle for Shanghai. Crouched behind a wall, the front line troops waiting to advance watch North Station go up in smoke during the intensive bombardment that drove the Chinese to the south side of Soochow Creek.

## MARK OF SHAME IS INTRODUCED

(Continued From Page 1)

Calvin Sutton was given the stripe sentence yesterday, in connection with an order granting him probation for six months, with driving license suspended for that period. The red stripe will stay on his car for the six-month period. Sutton had been found guilty of driving his car while his license was suspended on a previous offense.

"That's one thing about the red stripe," said Judge Allen. "You can't get away with driving without a license, with that red stripe calling the world's attention to you. Also, it gives other traffic fair warning to give the red-striper a wide berth—he's dangerous."

The red-stripe idea was adopted by Judge Allen as a substitute for the plan of confiscating the defendant's automobile entirely. He had previously recommended the confiscation plan to the California safety council, which had adopted it, but later decided that such a plan works a hardship upon the family of the defendant, where a car is needed in earning a livelihood. So the red stripe will be tried.

## NIPPON TROOPS CONTINUE DRIVE

SHANGHAI, Nov. 13.—(UP)—Japanese troops have smashed through the Chinese defense lines 15 miles northwest of Shanghai. It was announced today. It was believed that the Chinese would be forced to withdraw westward all along the southern part of their line.

The move was the second phase of the Japanese drive to isolate the Chinese from the country's commercial capital.

Hit Line  
Japanese troops advancing from the northeast and southeast hit the Chinese "Chiang Kai-Shek" line at Kiating, 15 miles northwest of Shanghai at its strongest points. Tanks entered the city first, and Japanese spokesmen asserted, and infantry consolidated the capture.

The victory was regarded as one of the biggest single ones of the Shanghai campaign. Kiating has a strong wall and is bounded on three sides by deep creeks. The Chinese admitted that at the south end of their long line, in the Sunkiang sector southwest of Shanghai, their men were withdrawing westward to the hills where they might resist to better effect.

Shanghai Quiet  
Japan's victory was bringing normalcy to Shanghai today. Out in the suburbs, United Press correspondents found the streets and fields dotted with bodies of Chinese soldiers and farmers. Many lay in ditches. The thunder of guns was faintly audible in the suburbs, but in Shanghai proper there was no sound of the war that had raged continuously for more than three months.

Small boats resumed their traffic up the Whangpoo river past the obstructive boom which the Japanese had blasted open. There was smoke, for the first time in weeks, from the chimneys of some factories on the Pootung side.

## U. S. GROUP OF TUBERCULOSIS PHYSICIANS IS RECOMMENDED AT LOCAL HOSPITAL CONCLAVE

Approximately 100 members of the California section of the American Sanatorium association, holding their annual meeting at the Orange County hospital, yesterday went on record as favoring formation of a nationally recognized group of tuberculosis physicians.

Such organization, the doctors—all chest specialists—pointed out would consist of physicians fully qualified in every way to carry on the proper treatment of tuberculosis from both medical and surgical standpoints.

Colonization Plan  
Need of such organization, they pointed out, is urgent as it would help to inform the public what doctors in any community are considered as qualified tuberculosis specialists.

Along the same line Dr. Mildred Thoren of Welner sanatorium, discussed a colonization plan for the care of chronic tuberculosis patients. The value of such a plan, she said, would be to keep such patients isolated where they would not menace the public health.

During the business session that preceded a program of scientific discussion, the following officers were elected: President, Dr. Charles L. Janne, San Jose; vice president, Dr. Harold G. Trimble, Oakland; secretary-treasurer, Dr. William A. Winn, Porterville. Dr. Chesley Bush of Alameda county was named a member of the executive committee.

## HAITIANS SEEK AMERICA'S AID

WASHINGTON, Nov. 13.—(UP)—Haiti today asked the United States, Mexico and Cuba to tender their good offices in settling a dispute which has arisen between the Dominican and Haitian governments over the alleged massacre of Haitian nationals on Dominican soil.

F. D. R. Gets Request  
The Haitian request, contained in a telegram from President Stenio Vincent and addressed to President Roosevelt, reached the White House today. The governments of the United States, Mexico and Cuba will accept the invitation, the United Press learned.

Preliminary explorations between Haitian officials and Mexican, Cuban and United States officials disclosed a willingness on the part of all three governments to make the tender of good offices.

Good Offices Accepted  
Dominican President Rafael Trujillo also was reported to have given informal assurances to U. S. Minister Henry Norweb at Ciudad Trujillo that the Dominican government would accept the good offices of the United States.

Haitian Foreign Minister George N. Leves, now in New York after concluding a series of conversations with United States government officials here earlier this week, said just before leaving that his government could not consider the incident closed until proper indemnities had been made, responsibility fixed and punishment meted out to the perpetrators of what he called the "brutal mass murders" of approximately 5000 persons.

## APPEAL IN OIL CASE PROBABLE

(Continued From Page 1)

D. C. former NRA counsel, and Eugene Prince, San Francisco, headed the defense for the oil company.

Basis for Arguments

They based their arguments on the grounds that the company had reasonable belief in the validity of its title; developed the field after an appeal by the government for wartime oil; that no mineral content was known prior to its buying the land from settlers in 1909; that the government lost title in 1903, when the land reverted to the state for school purposes; that Secretary of the Interior Harold I. Lister's 1935 decision upholding the government's claim to title was based on insufficient evidence. The government maintained that it never lost title; that Standard trespassed and should pay damages, with interest; that vast quantities of gas were wasted by the oil company; and that Lister had conclusive evidence upon which to base his decision.

A highlight of the case was the charge of John W. Preston, former California supreme court justice representing the U. S. Attorney General, that the oil company was a "cold wrongdoer" for "trespassing on government property and refusing to fully compensate for damage done."

## COURT DENIES AGENCY'S PLEA

(Continued From Page 1)

did not repeal or invalidate Sec. 337, but merely provided an exception to it. The court upheld that view, although Attorney West argued that if Sec. 337 bans all betting, and the 1935 amendment allows certain types of betting, then 337 must be, to that extent, invalid.

On the ground taken by the court, it was held that the petition for an injunction did not state facts sufficient to confer jurisdiction on the court in the case. The temporary restraining order previously issued was dissolved. West gave oral notice of appeal.

During course of the argument, Judge Ames commented that West's contention might be used as a defense in a criminal action, should the agency be arrested for violating section 337, but could not be accepted by a court of equity.

Under the new judicial reform act, Judge Yankovich allowed an exception to the irrigation district and the government, which had intervened in the case. This makes possible an appeal which must be taken direct to the United States supreme court.

The decision will halt reorganization proceedings in this and other irrigation districts which were initiated under the provisions of the new municipal bankruptcy act.

The case arose when a group of bondholders in the Lindsay Strathmore irrigation district opposed a refinancing settlement under the bankruptcy law by which the district sought to pay in cash to each bondholder \$9.5 cents for each dollar of principal, payments to be made from the proceeds of a Reconstruction Finance Corporation loan.

The declaration firmly rejected all of Japan's arguments to justify her invasion of China, including the contention that Japan is trying to prevent the spread of Communism, declaring:

"The representatives met in Brussels are moved to point out that there exists no warrant in law for the use by any country of armed force for the purpose of combating in another country the spread of a political doctrine, and that the logical conclusion of any general assumption of such a right would be international anarchy."

J. I. Barber today asked \$15,185 damages in a superior court suit filed against Germon Quatacker and Arthur M. Arroyo, for injuries suffered in a traffic crash September 8 at Fairview and Edinger street. Barber's car collided with a beat truck belonging to Quatacker, in front of the Diamond school. Arroyo was driving the truck.

Injuries received by Margaret A. Gilmartin in an automobile crash in Carbon canyon October 24, when a car in which she was riding with William H. Trozel collided with a car driven by Marvin Hopberg was assessed at \$3000 in a suit she filed against Hopberg in superior court today. She declared Hopberg drove across the center stripe of the highway, his car striking Trozel's machine head-on.

## You Can Lead a Horse to Water

It must be a sea horse, police concluded after futile efforts to induce Dobbin to emerge from the pool of the Carl Eiler estate at Sea Cliff, L. I., where pranksters "stabbed" him. The pool was drained and a ramp built, but Dobbin refused to budge until a derrick lifted him out. Yes, you can lead a horse to water, but you can't always be sure what he'll do after he gets there.

## BANKRUPTCY ACT INVALID

(Continued From Page 1)

The decision upheld the contention of the bondholders that an irrigation district is a governmental agency and therefore not subject to the bankruptcy power of congress.

It has been the contention of the government that an irrigation district is not a political subdivision of the state and hence subject to the federal bankruptcy power.

"The new law was not successful in drawing a distinction between the municipalities which exercise general governmental powers and local improvement and taxation districts which exercise only limited powers," Judge Yankovich declared.

"Irrigation districts are essentially governmental agencies and as such, agencies of the state. Therefore they are not subject to the bankruptcy power of the federal government," he ruled.

The opinion concluded with the statement that "I feel compelled by the decision of the Supreme Court invalidating the original municipal bankruptcy act in the Ashton case in May, 1936, to hold that the new enactment, insofar as it applies to irrigation districts of the type of the petitioner, is constitutionally vulnerable, as was the old."

Under the new judicial reform act, Judge Yankovich allowed an exception to the irrigation district and the government, which had intervened in the case. This makes possible an appeal which must be taken direct to the United States supreme court.

The decision will halt reorganization proceedings in this and other irrigation districts which were initiated under the provisions of the new municipal bankruptcy act.

## DRIVER HELD FOR HIT-RUN

(Continued From Page 1)

Weber was quoted as saying, "I was cut and bruised about the face and head profusely."

Hachez, son of Mr. and Mrs. Lloyd Hachez, South Laguna, was riding home from a football game, on his bicycle, with his companion, Edward Wall, 14, son of Mrs. May Williams Inloes, when the accident occurred. Wall sustained broken arm, bruises and lacerations. He will recover.

Forsythe, the itinerant, said he was en route to San Diego, on foot, when he witnessed the accident. He was assertively standing near a billboard at the accident scene and assertedly saw Weber drive away.

Witness Released  
Forsythe was held at Laguna Beach by Chief Abe Johnson as a material witness but later was released after making a sworn statement of what he saw, the chief said. He was ordered to report to San Diego police when he arrived there and to be ready to testify at the inquest, set by Coroner Earl Abbey, for 3 p. m. Monday at Laguna Beach funeral home.

Whether Weber would be charged with negligent homicide had not been decided this afternoon. The courtroom today was crowded, particularly by children, school companions of Hachez and Wall, Atty. Franklin West, Santa Ana, has been retained by friends of Weber, for the defense.

## Dick Tracy and St. Brennan's Chorus To Be Guest Stars

"Dick Tracy," two-gun detective character so familiar to the youth of America—known in real life as Ralph Bird—will do a bit of super-sleuthing as George Jessel's guest on "Thirty Minutes in Hollywood," presented nationwide over the Mutual network and on KVOE tomorrow afternoon at 3 o'clock.

Jessel will also introduce as his special guests the celebrated St. Brennan's Chorists, twenty boys from eight to fourteen years of age. Directed by Bob Mitchell, these young singers are said to be one of the most versatile choruses ever organized. Their repertoire includes everything from Gregorian chants to the latest swing music.

The regular members of Jessel's cast, including Norma Talmadge, young Josephine Starr, soloist, and Tommy Tucker's orchestra, will all return for their weekly contribution to "Thirty Minutes in Hollywood."

## TWO DIE, 34 ESCAPE IN MINE EXPLOSION

PRINCETON, Ind., Nov. 12.—(UP)—Two miners were killed and a third burned seriously by a gas explosion which ripped through a King's Station company mine early today and imprisoned 34 other workers for three hours.

The survivors groped their way two miles through debris-strewn corridors to the shaft and safety.

Rescue workers aided them after they reached the shaft.

The dead were identified as Fount Thompson, 30, Francisco, Ind., and Roger Williams, 35, Princeton. Doyle McCandless, 35, was brought to the surface by rescue workers. His condition was critical.

A man, dressed in the uniform of an officer and wearing a badge, appeared at the home of Mrs. James W. Schmitt, 421 Homewood street, Buena Park, yesterday, asking that she buy a sign "to protect your property under the authority of my private detective agency," Mrs. Schmitt told sheriff's officers.

Sheriff Logan Jackson has warned that a man, similarly described, has been making a "racket" out of the sales method, according to information given him. Mrs. Schmitt said thieves stole some of her turkeys recently and the man advised his sign would protect against further thefts. A man using similar methods of operation has visited several Orange county homes, the sheriff said.

**QUARTET IS HELD IN GRAND THEFTS**  
Two Costa Mesa juvenile boys were held for juvenile court prosecution and two older companions from the same town, were held to answer to superior court for trial, after their arrest on grand theft charges, outgrowth of depredations in many Orange county localities.

Valentine Camarillo, 21, and Trinidad Vega, 19, waived preliminary hearing on the felony charges and, pleading not guilty, were ordered to the higher court for trial. The boys assertedly stole an automobile, broke into a county trap wagon, stole gasoline from numerous vehicles and deliberately cut wiring in a tractor and otherwise damaged it by removing the distributor cap.

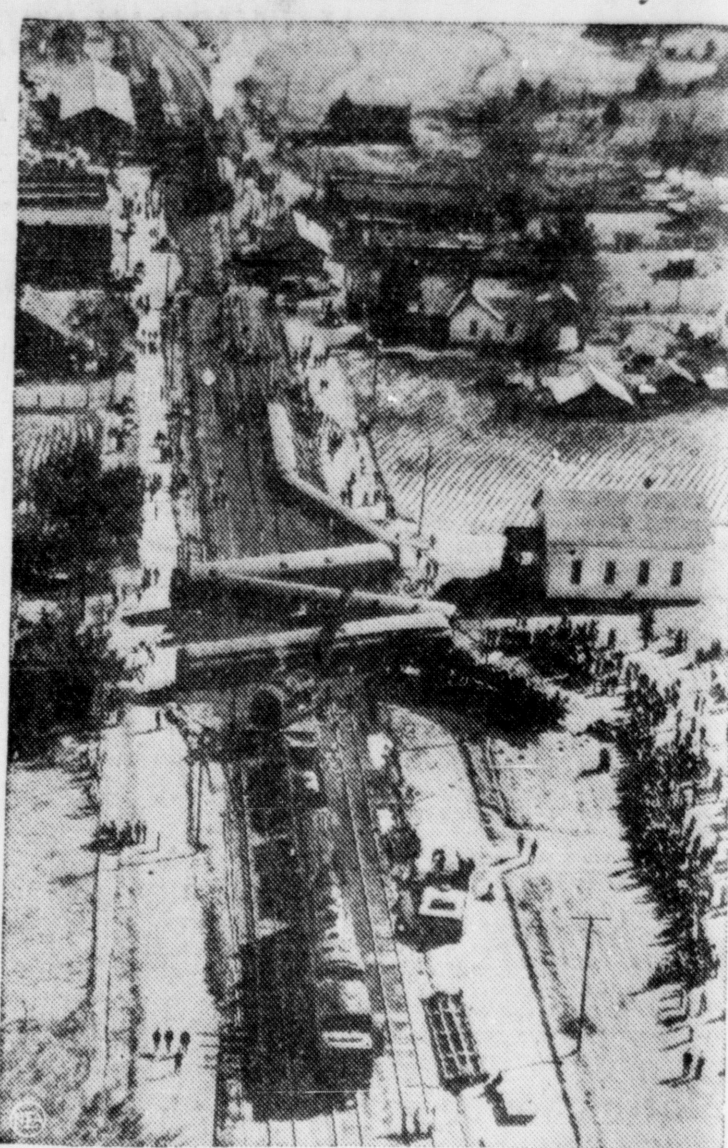

**BOY, 7, HURT IN FALL AGAINST CAR**  
Santa Ana Motorcycle Officer George Boyd yesterday afternoon gave a police escort to Mr. and Mrs. Ted Cox, Irvine, when he found that their son, Eugene, 7, was being brought to Santa Ana for medical treatment of an injured right eye.

The boy fell against a truck cutting his face near the eye, severely, it was reported. Officer Boyd, patrolling on East First street, was asked to escort the car in which Eugene was riding. He did, leading the car through traffic with siren sounding. The boy was reported improving today.

**Mission Worker To Talk Sunday**

Mrs. Clarence Alden will sing a solo "Consider the Lilies." In the evening the pastor will speak on the subject, "Christ's Wardrobe" and the solo will be given by Miss Virginia Claypool, who will sing, "There's A Beautiful Land on High."

## One Truck Did This to a Flyer

When a train meets a truck, it's not always the smaller vehicle that gets the worst of the deal, as is shown in this remarkable air-view. This crack Southland flyer hit a truck at a grade crossing in the village of Lovejoy, Ga. The engine ended upside-down in an adjoining field and the passenger cars folded together like an accordion. Four persons died in the wreckage.

## SANTA ANAN RECALLS VISIT WITH KIN OF ROBERT BURNS

An inconspicuous little item in yesterday's daily papers, leaped to the eye of Alexander Brownridge when he settled down last night to read the papers in his home, 1414 North Main street.

For the item had the date line of Dumfries, Scotland, where he was born, and told of the death there on Thursday, November 11, of Miss Jean Arnot Burns Browne, great-granddaughter of Robert Burns, Scotland's famous poet.

**Last Descendant**  
Just a year ago, when Alex Brownridge made a long anticipated trip back to his native land, he had the pleasure of meeting Miss Browne, then nearing her 70th year. She was a prominent member of Greyfriars church, to which his hosts and cousins, Mr. and Mrs. Graham, also belonged. Both Miss Browne and Mrs. Graham sang in the church choir, and their friendship gave the Santa Anan a fine opportunity to know Miss Browne well, and hear her talk of her famous ancestor. She was the last lineal descendant of the poet.

Among the souvenirs which Brownridge brought back with him, one of the most cherished, is an autographed picture of Miss Browne, in the same pose and wearing a costume identical with that worn by Burns in one of the most valuable portraits painted of him. She also gave the Santa Anan a photograph of this portrait, and when compared the two show an uncanny likeness between the poet and his last descendant.

**CHINESE FATALITY IS HELD ACCIDENT**  
At Backs, Terry and Campbell funeral chapel, Anaheim, yesterday, a coroner's jury in charge of Coroner Earl Abbey and Deputy Bert Castiel held the traffic death of Bing Quong Woo, 62, Los Alamitos rancher, Saturday night, was accidental.

Daniel Norland, 25, Cypress, who was enroute in a tow car to another accident scene and whose car struck Woo down while Woo was walking across Lincoln boulevard a mile west of Cypress, was exonerated of criminal negligence in the death, 73rd on county highways this year.

**CRUSADERS BAND RESUMES WORK**  
Following their initial appearance Thursday in the Armistice day parade at Fullerton, members of Phillips' Crusaders Military band resumed weekly practice today at the high school.

The band was organized approximately three months ago under direction of Leslie Phillips who also acts as instructor for the approximately 40 young musicians. Members of the band range in age from the 6-year-old Homer F. Welch Jr., drum major, to 15 years. In addition to their musical instruction, members of the band receive training in military formations.

## 600 TAKEN IN COUNTY UNION TIPPLE TO BE IN JAIL TODAY

More than 600 paid members of the newest Orange county labor union, yesterday were taken into the Teamsters' Union, local 890, following the grant of a charter from the American Federation of Labor.

The new organization, which had been associated with the Long Beach union, No. 692, elected R. G. Mullendore president and business agent, and T. H. Jones, secretary and treasurer, and have offices at 108 Cypress street.

**Strike Still On**  
"We have felt the need of being a truly Orange county union for some time," Mullendore said, "and we are extremely pleased with the support and cooperation the members have given us."

The strike at the Foster Sand and Gravel company in Fullerton is still in force and, according to Mullendore, operations at the company have been halted, pending negotiations with the company.

Eight men walked out at the gravel company when they were refused their demand of 70 cents per hour. Mullendore said.

## MISS BOLING, 48, DIES IN PASADENA

Miss Martha Oleata Boling, 48, of Fullerton, died last night at a Pasadena sanatorium where she had been under treatment since June, 1934. Miss Boling was a sister of Mrs. Charles E. Bressler of Santa Ana.

Funeral services will be held at 2 p. m. Monday at the McAulay-Sutters mortuary in Fullerton with interment in Loma Vista cemetery. Miss Boling had lived in Fullerton since 1921 and was a teacher in the elementary schools there. In addition to her sister living in Santa Ana she is survived by her father, Frank Boling, another sister, Mrs. Ethel B. Watson, a nephew, Jack Watson, all of Fullerton; a brother, Fred J. Boling, Brea, and two other nephews, Wells and Charles Gressler, both of Santa Ana.

## ALARM SENT OUT FOR HOLDUP MAN

Orange county police today were asked to teletype messages from San Diego officers, to be on the lookout for an alleged stickup man, believed to have been a prisoner at the new state prison camp in San Diego county, who escaped.

The man assertedly using a rifle, surprised two men removing a tire from a state car, held them up. Whether a robbery occurred was not stated.

## JOINS RANKS ON CIVIL SERVICE

Dr. Margaret Baker, member of the Santa Ana board of education, said today that she favored the civil service proposal for Santa Ana police and fire departments, not only because she believes in the civil service principle, but because it will give Santa Ana the benefits of civil service without any additional cost, since no tax increase is involved.

Speaking to representatives of the two departments today, Dr. Baker endorsed the proposal, which will be submitted to local voters at the polls November 14. "I favor the principle of civil service, and would prefer that it be extended to all departments of government here, but establishing it in the police and fire departments will be a good beginning."

"Keep On Tots" The security that civil service brings to the employee is not the type of security that we generally speak of as license. It is the security that develops initiative and men. Under the merit system they must "keep on their toes," as it involves both promotion and demotion, depending upon their efficiency or lack of it.

"I would prefer to see the proposed local ordinance more simple, because I feel that the very fact that it is so explicit and goes into such detail will make it less flexible. However, that is nothing serious. It can be corrected by amendment at any time, should the need become apparent."

"While the civil service system will bring a real benefit here, it will entail no extra expense to the taxpayer, as it does not include a pension or retirement plan. And it's assurance that the two departments will be free from political interference is an advantage that should not be lost."

## JIMMIE FIDLER IN HOLLYWOOD

HOLLYWOOD, Nov. 13.—Idol chatter: Instead of having so many training schools for movie kids, it might be a good idea to have a few for movie kids' mothers. Cecil B. DeMille is willing to wager his last yes-man that Franciska Gaal will become a top-flight star. On the comeback trail: Betty Compson—older, but more beautiful than ever, never heard anyone call Dick Arlen a great actor—but on one ever mentions him without adding "a swell guy!" No love lost: Grace Moore and Director Josef Von Sternberg. In spite of the high temperatures they seem to be running, any Boulevard better will give you five to one that Simone Simon and Gene Markey never marry. Height of something or other: casting those pesky Ritz Brothers in a picture that has anything to do with college. Then are six William Powells, four Robert Montgomerys and four Grace Allens in the Fulvile telephone directory. Hollywood's hobby-horse (women): Fay Wray—blender of exotic perfumes. Shirely Temple's imitation of an interviewer would have all the faa writers blushing—if they knew how.

Jeanette MacDonald is so . . . o . . . o proud of the flowering tree by her front door—odd that she has never taken the trouble to find out what it is. Look alike: Mary Boland and Marjorie Rambeau. Wonder if Director Henry King, piloting his new plane, talks to his instruments as sarcastically as he does to his actors? That big noise you have been hearing every Saturday afternoon is Joe E. Brown, rooting for the U. C. L. A. football team.

At luncheon in a studio cafe today a group of greats and near greats were recalling the milestones in their careers. I asked Jeanette MacDonald what she considers the real starting point of her career. She thought for a moment and then . . . "A pair of cotton bloomers," she announced, crisply. "I started dancing in a Broadway chorus when I was fourteen. I was excited about my new job, but only because the stage represented adventure. I had no serious wish to excel. But when I reported for rehearsal and the other girls saw the cotton bloomers that I wore, they kidded

## DEVELOPMENT OF TOLERANCE, UNDERSTANDING TO BE THEME HERE OF "WORLD FELLOWSHIP"

## REBEKAH LODGE SPONSORS SHOW

Plans for a charity show featuring the Meelin Kiddies, were announced today by officers of Sycamore Rebekah Lodge No. 140. The show will be held at 8 p. m. next Friday in the Santa Ana High school auditorium.

Students of the Meelin school, ranging in ages from two and one half to 15 years, will take part in the production which will include singing, dancing and comedy numbers. One of the features of the show will be the military number in which the entire cast will participate.

Sponsors of the show announced today that Miss Ethel Meglin, founder and present head of the organization that bears her name, will attend the show in person.

Today, when reptiles are mentioned, one instinctively thinks of snakes, but they were not even present upon the earth during the millions of years when reptiles ruled the planet.

First observed in 1894 by Denmark, Great Britain and the United States, world fellowship week has been accepted so generally that 52 countries now set aside seven days each year for special recognition. Miss Howard, Santa Ana Y.W.C.A. secretary, pointed out that world fellowship week gives emphasis in a public way to the year around program of the Y.W.C.A.

The Y.W. objectives include "The development of an intelligent, Christian understanding of other races and other nations; of other cultures and other points of view; and of world wide political and economic problems," it was announced today.

C. M. Van Asch van Wijk, world president of the Y.W.C.A., says in part: "Again we are called to our week of fellowship and prayer. We are all united, because there is one thing that unites us: there is One who unites us."

In her calendar for daily remembrance, the World's Y.W. president includes: Sunday, World's Y.W.C.A.; World's Student Christian Federation; the World's Y.W.C.A. Monday: Africa, including Algeria and Tunisia, Tanganyika (Madagascar), Rabat (Morocco); Egypt, Nairobi (Kenya), Lagos and Onitsha (Nigeria), Durban and Port Elizabeth (South Africa), Sierra Leone (West Africa).

Tuesday, America: Canada and Newfoundland, United States (including Hawaii), Granada and Jamaica (British West Indies); British Guiana, Argentina, Bolivia, Brazil, Chile, Uruguay, Mexico. Wednesday, Asia: China, India, Burma and Ceylon, Japan, Korea, Palestine, Syria.

Thursday, Asia: Netherlands, Indies, Malaya, Philippine Islands, Australasia: Australia and New Zealand. Friday, Europe: Denmark, Estonia, Germany and Austria, Great Britain, Iceland, Latvia, the Netherlands, Norway, Sweden, Switzerland. Saturday, Europe: Belgium, Bulgaria, Cyprus, Czechoslovakia, France, Greece, Hungary, Italy, Malta, Portugal, Roumania, Spain and Turkey.

Went on a beach picnic with Tony Martin and Alice Fay and while we waited for the fire to die down to the kind of coals that sizzle winners most efficiently, a sand sculptor came along and began modeling figures in the wet sand. He made a passable likeness of Alice, collected his "tip" and went on down the beach. Fifteen minutes later, the rising tide sent a big wave roaring in and the image crumbled and washed away. "Probably you think that was a wave," said Alice, a little soberly. "It was—it was a preview of John J. Public's frown."

*Who has not felt how sadly sweet  
The dream of home, the dream of home  
Steals o'er the heart, too soon, too fleet  
When far o'er sea or land we roam.*  
—Thomas Moore.

**I**N THIS old world a permanent home is an anchor to windward.

When one is acquired, new joys of life begin. Every member of the family starts accumulating possessions of lasting value.

Everything that goes to make a home takes on new value. Wherever we travel we never cease searching for new things for our homes.

Appreciation of art, education, music, religion, Nature, begins at home—and ends there. Human relations soften and become dearer.

How fortunate are those blessed with a permanent home. Somehow a transient home never inspires the same accomplishments.

If you do not own a permanent home of your own, NOW is the time to acquire it.

You will probably never again be able to get it so easily and at such a low price.

Present indications all point to a rapid rise in the prices of good homes, good building sites, materials, labor and equipment.

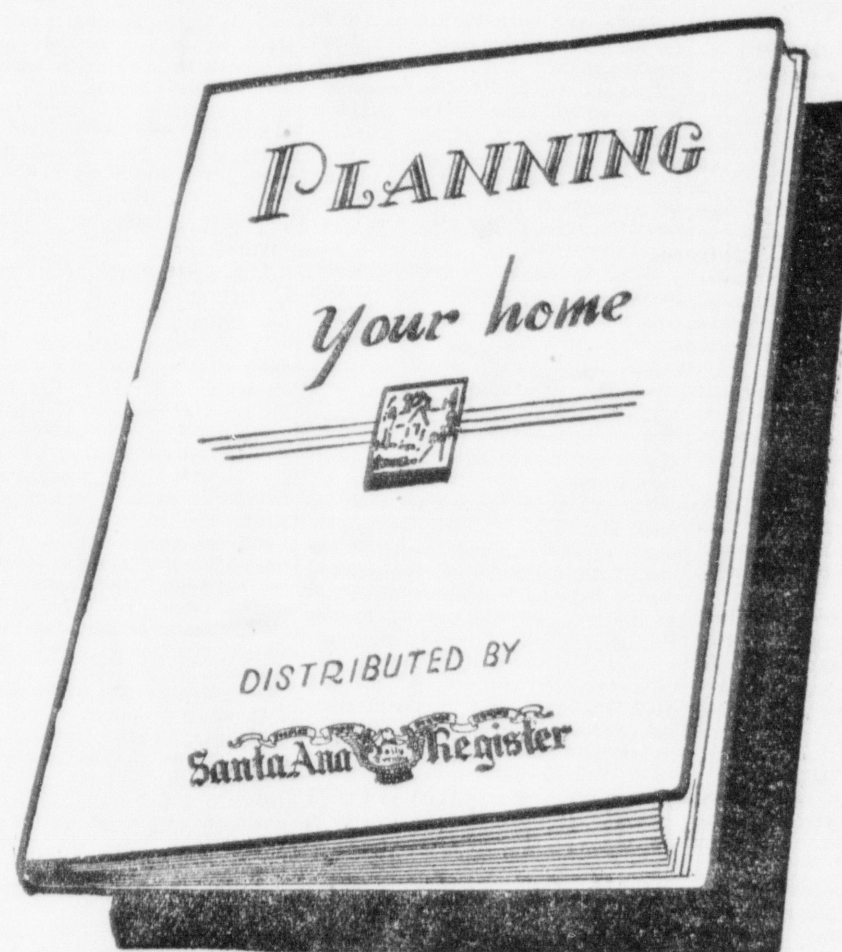

It is humanly impossible to produce good building sites for what they can be bought for today.

The probabilities are YOU can own the home you want for what you can pay, the way you can best pay it.

Conditions were never more favorable for you to do it with your present income.

Why not learn what the minimum requirements are? Do not hesitate longer because of lack of correct information.

Football men in general regret Notre Dame's break with Pittsburgh.

Notre Dame has a perfect right to play whoever it pleases.

Notre Dame may be stepping up in the Purity League in its desire to be a sort of American Oxford, but the unofficial explanation that Pittsburgh places too much stress on the game sounds a bit out of place coming from South Bend, where you still find more than 200 young huskies on the varsity roster.

The Irish won only one of the last half dozen games from the Panthers. They scored only two touchdowns against them in the same period.

Notre Dame men who long ago came to expect the best football from their campus do not want to break with an opponent holding such a jump on the Old Gold and Light Blue.

Knute Rockne wouldn't break with a rival boasting such a commanding lead.

Frankly, it appears as though the current football administration at Notre Dame can't take it.

THORNHILL SUGGESTS A CHANGE

"Tiny" Thornhill suggests a change in the system of converting points after a touchdown.

Stanford's coach contends that all the fun is taken out of the thing the way it is done now. A team makes a touchdown, puts the ball on the two-yard line in front of the posts, snaps it back, and attempts to kick goal.

Thornhill would like to return to the old rules under which, if the ball was downed in the corner of the field after a touchdown, it was brought straight out and the kick was tried from that angle.

"The extra point means something then," he explains. "Smart teams phlegmated around until they could down the ball right between the posts, thus making the attempt comparatively easy. It would add to the interest."

Thornhill now has an end, Grant Stone, calling Stanford plays on the ground that backs take too much beating, mentally and physically, to be expected to be cute and cagey. An end, to his way of thinking, is an observer observing with the proper perspective.

BEST NOT LET DOWN

Although Harvard was noosed out Army by the margin of a point after touchdown, trained observers suspect that the Crimson will be higher than ever for Yale at Cambridge, Nov. 20.

It was a Harvard team that was as inopportune as it was injury-riddled that sloughed off the game to the Cadets, dissipating marked superiority for three-quarters of the engagement, and then presenting West Point with a scoring chance late in the going.

But it was cheering to Harvard supporters looking forward to Yale, when even an almost complete team of Crimson substitutes held a distinct advantage over Army.

Four Harvard backs, the mighty Vernon Struck, Chief Boston, Torbert Macdonald, and Bob Burnett watched the game from the press box.

All agreed that it was the best place to watch a game that they ever had been, and expressed the wish that they could have as good a view of the proceedings when they tackle Yale.

FAR AS HE WOULD GO

St. Mary's has been more down than up this fall, but the Gallatin Gaels always are good for a flock of good stories.

Four regulars were out of the Marquette game in Chicago a year ago, and a dozen others required plenty of tape and gauze. The dressing room looked like an emergency hospital in Shanghai.

Seeing to pull his boys together, "Slip" Madigan told in stirring tones the famous story of the Rutgers halfback who broke his leg in a game and still objected to being removed, saying, "I'd die for dear old Rutgers!"

As Madigan concluded his heart-warming recitation, he turned to his fullback, Tony Falkenstein, who had a black eye, a sprained ankle, and a big bandage on one elbow.

"How about you, Tony," he asked, "are you ready to go?"

"Yeah, I can play," replied Falkenstein, "but this ain't Rutgers and I don't wanna die."

## YORBA LINDA WOMAN'S CLUB IN INTERNATIONAL DINNER

YORBA LINDA, Nov. 13.—Women of the Yorba Linda Woman's club served an "international" dinner and presented a fun frolic program at the clubhouse last night. Scotch haggis, imported for the occasion, was served with ceremony by Mrs. Bert Shaw, in charge of the program. The clubhouse was decorated with the flags of the nations, made by Mrs. A. S. Walker.

Also on the menu was "Schnitz-elbank" from Holland, and included were other foods from many lands.

**Birthday Observed**  
Adding to the general festive occasion, Marion Vernon, who celebrated her 55th birthday this week, a pioneer of Yorba Linda, was honored with a surprise birthday party as part of the program, and a large angelfood cake, lighted with candles, was served in his honor.

Mrs. Shaw, who had been introduced by Mrs. George Kellogg, president of the club, presided at the Scotch haggis ceremony. Scotch haggis is "sheep meat, liver, oatmeal, rice and onions," she explained. Alex Walker, assisted by his little granddaughter, Katherine Jean Ingelhart, helped with the ceremony, as did Alfred Park, of Santa Monica, "who piped in the haggis."

After the haggis ceremony, Mr. Shaw was presented as the master of ceremony, and he presented Gordon Drew to assist with the "Schmitzbank" ceremony.

Following that, and after all had partaken of the many foods, "Africanus" of the "diocese of Zanzibar," discussed "The Miserable Condition of the People of the Uninhabited Areas of the Earth."

**Program Presented**  
William Brown of Alhambra, entertainer, posing as "Professor La Blue" of France, provided a program, following which Joe Carter and A. S. Walker, of Yorba Linda, sang a duet, "The Old Gray Mare."

After a "Dance Grotesque" by Mrs. Angelo Benedict and her daughter, Dorothy, Mrs. Lorraine Young and her daughter, Mrs. C. N. Roberts, Mrs. Phil Ton, Miss Louise Cramer and Mrs. George Kellogg, a Major Bowes program was presented. Winners were Mrs. Ada Scott, Noelle Reneker, Mrs. Gailard Paige, Katherine Jean Ingelhart, Frank Day, Mrs. E. E. Knight, H. E. Smith and E. A. Holstrom.

## GIRL SCOUTS MEET

NEWPORT BEACH, Nov. 13.—Study of tenderfoot tests occupied Girl Scouts of Troop 2 at the meeting this week at the Lido Isle clubhouse. Doreen Burton, Betty Ann Roger and Patricia Parke, members of the troop, assisted with the instruction.

New committees for the harbor unit appointed this week by the president, Edna Miller, were Mabel Cummings, Louise Estus and Edna Miller, budget, and Georgette Gordon, Mayme St. Clair and Zelma Hostetter, constitution and by-laws. The auxiliary has adopted a veteran at the soldiers' hospital.

## JILL BY MARY RAYMOND

**CAST OF CHARACTERS**  
JILL WENTWORTH, heroine, attractive debutante.  
JACK WENTWORTH, hero, rising young artist.  
BARRY WENTWORTH, Jill's stepbrother.  
JILL WENTWORTH, Jill's brother.  
SYLVIA SUTTON, oil heiress.

Yesterday, Mrs. Wentworth finds her husband dead and Barry standing over him with a marble paperweight in his hand. Immediately she sends Barry to bed to avert suspicion. Later the house is aroused but Jill is absent.

**CHAPTER XXII**  
EVEN in that moment of abandonment to grief, Jack had agreed with Howell that the authorities must be summoned. It was now past 8. The family physician was in the study and with him a group of men from police headquarters. A sense of tragedy and loss hung over the house, which only a few hours before had resounded to mirth and gaiety.

A step away from the room where men talked in muted tones, Jack sat with his mother and brother. His arm encircled Mrs. Wentworth comfortably. His other arm reached out until his hand touched the shoulder of his stepbrother lightly, compassionately.

Jack's face was drawn with suffering. He wanted to believe, as his stepmother said, that his father had died from a heart attack. But there was the position of the body on the rug, head up, with an open wound on his head. If his father had fallen and struck the andirons, he would have been lying face downward. Unless someone had moved him.

And if someone had been with his father, who was that person? The inspector had learned that the heavy paperweight his father had used was missing. Why?

"Mr. Wentworth," Inspector Waldrop was standing in the door. "We've reached our conclusions," the inspector said. "We agree with Dr. Lockwood that your father died of heart failure as a result of shock." Jack felt his mother stiffen against him and Barry's shoulder relax a little under his hand.

"But, we believe," the inspector continued, "that shock was the result of being struck suddenly by some heavy object—"

HE broke off, his eyes sweeping the trio. "It will be necessary to question the staff of servants, and talk with members of the family also. You are the only members of the family?"

"We three and my sister," "I should like to talk with your sister," Inspector Waldrop said gravely. "I might as well be honest with you, Mr. Wentworth. I tried to spare your mother the shock. We're certain this is an inside job. Talk that marble paperweight we found, by mere accident, shoved in between some magazines."

"I think you're all crazy," Jack muttered hoarsely. "What do you make out of that?"

"The man who cleans your father's study is positive that it was there yesterday morning, holding down some papers," In-

## FLOOD CONTROL WORK OUTLINED

BUENA PARK, Nov. 13.—M. M. Thompson, in charge of the county flood control with offices at Santa Ana, was the speaker at the meeting of the Orange county council of the American Legion last night at Memorial hall. Details of the work of the project to date were presented by Thompson. A second speaker was Dr. John S. Helmecken, of Santa Ana, Canadian Legion post commander.

A resolution of approval of the idea that the Legion find ways to finance future Armistice day parades, relieving the host city of large expense, was passed. A meeting will be held at an early date to consider ways and means of financing the project.

Plans for the Orange county unit for the national convention next year in Los Angeles will include a color guard, float and marching unit.

The next county council meeting will be held December 16 at San Clemente, when a lobster dinner will be served. The session will be an open meeting, according to announcement made by the commander, Russell Norton, Newport Beach.

The meeting followed a dinner served by members of the Buena Park American Legion auxiliary. Special guests present were Fred Dukes, of Buena Park, 21st district commander, and Ralph Nicodemus, of Brea, second vice-commander of the 21st district.

## Conduct Funeral Of Mrs. Fletcher

FULLERTON, Nov. 13.—Funeral services for Mrs. Sadie Fletcher, 29, who had resided at Buena Park for 17 years, were held at 2 p. m. today from the McAulay and Suters funeral home, with the Rev. Graham C. Hunter, pastor of the Fullerton Presbyterian church.

Besides her husband, Carson B. Fletcher, she is survived by two young sons, Robert Leroy and Lawrence, of Buena Park, and by her parents and a sister, Mr. and Mrs. William Bruce and Miss Helen Bruce, of Riverside. Interment was at Loma Vista cemetery.

at Sawtelle and a boy at the Junior Republic school at Chino as part of their rehabilitation and child welfare program.

Inspector Waldrop replied slowly. "Jack did not reply."

"I understand the servants come on about 6:30. Is that correct?" "Generally. Sometimes later, after a party that had kept them all here very late."

"I see. We've questioned the head gardener, who apparently is deaf, dumb and blind to everything. But the second gardener, Willis, and his wife gave some information. They were both awake at six o'clock—the time Miss Dexter and Mrs. Wentworth heard the sound of a fall, and also the time Mr. Wentworth's watch stopped. It was broken by the fall. Willis and his wife say the two German police dogs wouldn't have allowed a stranger to enter the grounds without an infernal racket. Is that right?"

JACK answered slowly: "Yes, they're good watch dogs."

"Furthermore, there was someone with your father during the evening who smoked a cigaret. There are cigaret ashes on the smoking stand by a chair that is close to your father's desk. Close enough for the person in a fit of anger to have reached out and found the marble paperweight handy now. Mr. Montanelli doesn't smoke cigarets. Neither does your father. We've learned they were in conference together."

"I'm afraid all that is mighty flimsy evidence that dad was struck down, inspector."

"Maybe. But finally the servant who made his rounds after the ball found Mr. Wentworth alone in his study. He went about setting things in order, and he swears there were no ashes in the tray on the stand. I understand that you, your brother, and your sister smoke cigarets."

"Barry and I—" Jack began and hesitated.

"Your sister does not smoke?" "Jill doesn't smoke generally. I've seen her take a cigaret on occasions. Very rarely. She doesn't like them."

"But under nervous excitement—"

"We must question your sister," Waldrop resumed. "We must know the reason why she left home before it was good daylight on a cold, snowy morning without a word to a member of her family."

He turned to the telephone. Jack stood like stone while the inspector spoke professionally into the receiver: "Call all cars with instruction to pick up Jill Wentworth, who is driving a custom-built tan Pierce... the license number is..."

Chapter Marks  
Birthday With  
Formal Dinner

Five years of happy associations in Sigma chapter, Beta Sigma Phi sorority were given official recognition by charter members of the local group last night when a formal dinner at Danigers was held in observance of the chapter's fifth birthday anniversary. For the more recent affiliates of the group, and for the seven pledges honored, the occasion was equally significant.

Gold tapers arranged in crescent moon and star holders were on a pattern of gold stars against a black background. This suggested the sorority colors of gold and black, as did other decorative details, in celestial motif. Golden blossoms in copper bowls, tiny worlds on gilded pedestals and effective placecards were in keeping with the prevailing idea. Mrs. Sam Cash, Miss Lillian McDonald and Mrs. Robert Windolph were in charge of decorations.

Miss Lena Mae Willsey's artistry was represented in the hand-painted flower miniatures presented to Mrs. F. E. Coulter and Mrs. John Tessmann, honorary members. Miss Beulah May, sponsor and Mrs. Newell Moore, educational director, Miss May was unable to attend, but her gift was sent to her.

Miss Katherine Spicer made presentation of the gifts. The sorority's remembrance for the president, Miss Elsie Siemsen was a jeweled pin. Miss Siemsen presided over the meeting, and Miss Eunice Spicer gave the opening ritual.

Miss Spicer was initiated into the chapter. Those pledged were the Misses Jo Green, Lois Taylor, Margaret Wilson, Catherine Walbridge, Polly Angne, Kathryn Chapman and Mrs. Jessie James Parks. Corsage bouquets of Tailsman roses and chrysanthemums were presented to Miss Spicer and to each of the pledges. There were short talks by Mrs. Coulter, Mrs. Tessmann and Mrs. Moore.

Members present were the Misses Elsie Siemsen, Katherine Spicer, Delphia Lopez, Hazel Lee, Jean Ema, Lillian McDonald, Isobel Siracusa, Lena Mae Willsey, Dorothy Lindgren, Mary Louise Wallace, Lucie McDermott, Marie LaBrouche, Mary Ford, Lillie Forsberg, Ruth Stephenson; Mesdames Walter Mueller, Robert Callis, Sam Cash, Donald Ribaut, William Long and Robert Windolph.

Christmas Play Plans  
Interest  
Book Review Section

Junior Ebell First Book Review section members are anticipating with special interest their meeting next Tuesday at 7:30 p. m. in the home of Mrs. John Scripps on Hilltop drive, since plans will be completed for the section's presentation of a play, "A Christmas Dream," December 4, in the clubhouse.

With a view to contributing an outstanding program to the holiday calendar of events for children, section members are enthusiastic over plans for production. Mrs. L. L. Beeman will direct the play.

Mrs. George Walker is general chairman of the affair, and Mrs. Gordon X. Richmond as section leader, is cooperating as section leader in all plans for the production. Mrs. Chester Horton is in charge of properties; Mrs. Lucille Burlew, costumes; Mrs. John Scripps, tickets; Mrs. Harold Dale, publicity; Mrs. Robert Guild, technician.

Characters in the play will include Betty Guild as "Wendy"; Florence Nalle, the "Little Girl"; Marjorie Brakelbush, "Alice in Wonderland"; Audrey Zaiser, "Cinderella"; Betty Scripps, "Hushabye Lady"; Kathryn McDonald and Charlotte Mathis, "Hansel and Gretel"; Harriet Dale, "Scarecrow of Oz"; Marie Terry, "Black Sambo"; Betty Lindemeyer, "Peter Pan"; Pauline White, "Robinson Crusoe."

Wait A  
Minute

Prospect of Grand Uproar in the Shrine Auditorium, Los Angeles, all next week, is creating almost as much excitement in this city as in the City of the Angels itself. . . . Isabel and John (Doc) Ball, push-overs for music any time, and always at local concerts, are going in at least a couple times. . . . Irma (Mrs. Arthur) May, herself blessed with a lovely voice, is jubilant over three of the operas which she knows she will hear. . . . Margaret and Robert (Book Store) Brown are to hear "Lakme"—for which we envy them—we'd rather hear Lily Pons sing the Shadow Song than anything in the world. . . . Robert, by the way, just through discussing his Monday sam hamwich shared with Harry (Banker) Hanson, lingered to reminisce of his arrival in this country from his home land (Bonny Scotland to you) and two days later, going to the old Metropolitan in New York, to hear Caruso and Scotti in "Aida." . . . Them was the good old days in the world of music. . . . Yet who are we to complain, with Tibbets, Grace Moore, Lily Pons, Nelson Eddy, Gladys Swarthout and Marian Anderson, who is actually coming to Santa Any to sing on the Artist Series.

When Margie and Paul Van Sistine go strolling along under convey of that magnificent Russian wolfhound of theirs, they look exactly like an exotic scene from the moon pitchers. Maska, the dog's name is Russian for Little Mother, Paul tells us, and Maska is the gentlest creature in the world, and undoubtedly will verify her name when she is a few months older. . . . Of altogether different type is the lively little Scotty who answers to the Gaelic name of Pat, and who leads her mistress, Lucy (Mrs. S. B.) Marshall around on a leash. Lucy can't take Pat into a store, because the minute a cash register rings, the pooch betrays her Scottish ancestry by sitting up on her hind legs and howling! . . . Eighteen big planes flying in formation over the city this week were like silvery birds reflecting the sun's rays. They made a grand picture, but were just a mite worrisome to housewives and office gals, who thought the air corps was going to drop right through the roofs. . . . Seemed rather especially nice that Frances and Jerry Howard, offspring of Kathleen and H. J. (Doc) Howard should take their very first train ride this week, to attend the 40th wedding anniversary of their Granda Kate and Ira J. Owens, now of Phoenix. Kathleen and the youngsters are to return home Monday.

Here and There . . . T. D. (Ins.) Knights strolling briskly down town with his friendly smile for all acquaintances, reminded us of the innumerable chicken dinners that he and Flora (Mrs. T. D.) have served in First Christian church dining room, including those marvelous banquets each holiday time for all the newbies of the city. . . . Vivian (Mrs. Roy) Browning pausing in a busy afternoon of shopping, to refresh herself with a cuppa cawfy. . . . Blanehe (Mrs. Walter) Vandermast very eye-filling indeed in tailored frock, blue from head to toe. . . . Clara (Flower Grower Supreme and Mrs. J. E.) Paul, enjoying a winning streak in contract and taking prizes at three successive parties. . . . Lester Schroeder, former orchestra player and master of ceremonies at a local day-theater, now head of the music department in Escondido schools. . . . Leland (Mutual Life) Finley making the big mistake of accompanying Wife Betty on a look-see through the shops, and having the charms of a swish corduroy hostess coat pointed out to him. Just the same we hope Betty received it on her birthday—it was the exact shade of blue to make those dark eyes of hers, sparkle and dance.

Two announcement parties in one day, didn't seem too much for Elsie (Co. Med. Bureau) Siemsen, who was quite her charming blonde self in telling her betrothal to Daniel (Ossifer) Jones to Beta Sigma Phi sisters in the afternoon, and various other friends that evening. . . . Irene (Mrs. Robert U.) Smith is a cunning little trick in that poudre blue taffeta frock with its quaint bustle—she's the ideal type for that particular mode. . . . Sam (Merchant) Hurwitz tells us that Dotter Lillian (Stanford Grad—formerly Register) is now working on Rob Wagner's little mas. Script in Beverly Hills. Maw Edith (Mrs. Sam) Hurwitz is in Los Angeles this winter where the Other Dotter Bluma attends Jaysee, and where Paw Sam joins his family each week-end. . . . Speaking of commuting, Katharine (Mrs. James) Irvine declares she is the champion commuter of the century, dashing off at a minute's notice to join Spouse James (San Joaquin Rancho—Financier) Irvine in San Francisco and then dashing as suddenly back to the big ranch home while he goes hunting.

"Slang! You can't phase me with any of it," quoth Gladys (Com. Play Director and Mrs. Burr) Shaffer, mother of high school studies Roberta and Burr Jr. . . . "Yes?" replied Grace (Willard vice-principal and Mrs. Arnold) Lund, whose family pride centers in young Marie (C.S.C.) Morris. "Tell me then, what is a stooge to a house mouse?" Mary (Y. W. C. A. Sec.) Howard beaming over the fact that the Y. W. celebrated its 82nd birthday, November 2. . . .

Suggesting Chime Of Wedding Bells

Mrs. Victor De Brouwer, the bride on the left, was Miss Mary Jane McKenzie, daughter of James Lee McKenzie of Santa Ana, before her October 31st wedding to the young Santa Ana businessman. . . . Mrs. Elmer Rhoton as Miss Alma Williams, was wedded on November 2 in Santa Ana Church of Christ. The young people are living at 611 Minter street. . . . Mrs. Donald Primrose, the former Katherine Louise Peck, daughter of Mr. and Mrs. Charles Peck, La Habra, was married October 29 in Westwood Community church. She and Mr. Primrose are now living in Seattle. . . . Miss Marie Lewis daughter of Mr. and Mrs. R. G. Lewis, 1110 South Birch street, has announced December for her wedding to Milo Ainsworth, son of Mr. and Mrs. J. L. Ainsworth of Orange. . . . Mrs. Homer A. Winters, the former Miss Ida Frieda Viall, daughter of Mr. and Mrs. J. Benner of Anaheim, was married in Anaheim German Baptist church, October 24. . . . Mrs. Avry Howell, as Miss Dorothy Emma Barnes, daughter of Mr. and Mrs. A. J. Barnes, Garden Grove, was a bride of October 31 in Long Beach. . . . Mrs. Howard Clark considerably surprised family and friends who were expecting an Armistice Day wedding for Miss Maxine Lucille Hazen and Howard Clark, by announcing instead that the wedding took place November 8, a year ago, in Oceanside First M. E. church. Now honeymooning a year later at Arrowhead. Mr. and Mrs. Clark will proceed to Rialto to make their home.

Summer Travelers Tell  
Club Members of  
Trips Afar

Amidst the cheerful golden hues of the chrysanthemums with which Mrs. C. F. Skirvin yesterday brightened her home, 935 Oak street, members of Friday Afternoon club enjoyed one of their pleasant monthly sessions of need-letwork and chat. Two of the number, Mrs. O. H. Barr and Mrs. J. Dick Wilson, had gone rather far afield during the summer months, so they were prevailed upon to tell of their journeys. Mrs. Wilson had visited the Hawaiian Islands, and Mrs. Barr had taken the Canal voyage to New York and returned home by automobile, so they had much of interest to relate. As the afternoon drew to a close, Mrs. Skirvin served a tempting tea menu to her guests. Only one club member was absent, Mrs. Terry Stephenson. Mrs. Charles Drutt and Mrs. E. S. Tradewell were special guests of the afternoon, sharing its hospitality with Mesdames W. B. Williams, O. H. Barr, J. H. Metzgar, Alex Brownridge, E. H. Sprague, H. Dick, Wilson, Harry Spencer, H. Bell, Oliver Halsell, H. J. Forgy, F. W. Wicseman, L. A. West and the hostess, Mrs. Skirvin.

**FOR BOOK WEEK**  
Fascinating small artists' pull-lets, each with its realistic splashes of bright paint, have been sent out to announce an illustrators' exhibit and book tea, with which Lathrop branch library will entertain Wednesday afternoon as a Book Week event. Three to 5 o'clock will be the hours observed in this event, which will be staged in the branch library for all patrons and friends of the school. Mrs. Grace Wolff of the English department, is one of the principal ones working on the plans.

Edward Lee (Doc) Russell had two Wrycende Maedgen gals confused 't'other night, when he especially addressed some of his talk to Bonnie (Schoolmarm) Kiser and Helen (Mrs. Ralph) Moser. . . . One of November's happiest little maids is Vivian (Newport Beach) Vaughn whose birthday was celebrated with a party in the home of her sister-in-law and brother Kay and Henry (Service Station) Vaughn. . . . By the way, Kay received the prettiest gardenia from Henry just for no reason at all, 't'other day—lucky gal!—Lucky Henry, too.

Gay Chow Mein Supper  
Enjoyed by Junior  
Social Group

Hostess last night at crow mein supper, Miss Peggy Holloway gave due observance to the week-end's release from school studies by entertaining a group of friends in the home of her mother, Mrs. Paul Gilbert, 1412 South Ross street. Miss Peggy's mother, her grandmother, Mrs. M. E. Potts, and her aunt, Mrs. W. F. Hodge of San Diego, assisted in receiving the young people, and served the appetizing Chinese supper. One large table and two auxiliary tables were gay with linens in vivid colors, matched by the pottery service used. Centering each table was a heap of autumn fruits, their glowing colors reflected in mirror plateaux.

Covers were laid for Miss Holloway and her guests, the Misses Patricia Emison, Patsy Miller, Jane Hollies, Jean Dowds, Bette Lacy, Alice Claire McFarland, Barbara Tucker, and their escorts, Jimmie Tucker, Howard Rapp, Robert Newcomb, Bob Marshall, Howard Adkinson, Leon Lauderbach, Karl Crist and Marvin Jacobs.

After-supper entertainment included a succession of informal games and dancing to the radio program. West, Howard Wassum and C. E. Westgate will be hostesses, and members unable to attend are asked to telephone Mrs. Liebig, 3327, or the general chairman, Mrs. J. C. Lamb, 5226 W., well in advance of the date. Members are to bring arrangements suitable for Thanksgiving and Yuletide decorations and be prepared to discuss and criticize such arrangements. There will also be a demonstration of Christmas gift wrappings, and the gardeners are hoping that Mrs. J. E. Paul will tell them about her trip into Mexico.

Gayety Reigns  
For Guests At  
Spanish Dinner

Dinner guests last night of the C. Mortimer Plums, may have felt a certain amount of puzzlement at an "Art Exhibit" arranged in the Plum home, 411 Edgewood Road, especially when they found their typed list of such subjects as "Bonapart," "Peacemakers" and "Bust a Commentator," fitted a sharply severed soup bone, a pair of scissors, or a plain Irish potato, palpably broken open. But it can be imagined what riotous fun prevailed as the articles in the exhibit were duly classified. It was a merriment entirely in keeping with the entire party plan. For in continuing the series of small dinners introduced a week ago, Mr. and Mrs. Plum escorted their guests to El Chico, quaint little Mexican place in Fullerton. Enchiladas, tacos, frijoles, tortillas—all the toothsome dishes of Mexico found place on the menu, served to the accompaniment of the quaintly painted furniture and the table down which tiny pack burros trudged with their colorful packs. Peons with their ninitos, were scattered about, and light was provided by tapers in Mexican tin candlesticks.

The hosts had planned to play bridge after a return to the Plum home, but the program of games and contests proved so diverting that no one cared for bridge. All sorts of amusing small prizes were awarded in the contests, and since there was no bridge scores to reward, Mrs. Plum presented a box of fragrant pine soap to William Thornton White Jr., successful in cutting the cards.

Sharing the unique affair with the hosts were the Edwards M. Halls, the William Thornton Whites Jr., Miss Prudence Roberts, Ensign John Barlow, Dr. and Mrs. Dexter Ball, and the Lloyd Chenoweths and the Paul Dinsmores.

Country Club Events  
For Weekend Open  
With Card Party

Bridge play last night at Santa Ana Country club was shared by more than 30 members and guests, with Mr. and Mrs. William H. Spurgeon Jr. and Mr. and Mrs. Herbert L. Miller officiating as hosts. Mrs. F. E. Farnsworth and Roy Langley held high scores in cards, while Mrs. C. V. Davis and Bob Fernandez won awards for second high honors. Lucky prizes went to Mrs. Robert Miller and A. G. Flagg.

Refreshments were served buffet style from a table centered with a mound of white chrysanthemums lighted by ivory tapers.

Last night's party came as the first of three weekend events to have their setting in the clubhouse. Tonight will bring a dance for junior of the Country club. Hostesses at Sunday night buffet supper, a weekly affair, will be Mr. and Mrs. L. J. Bushard and Mr. and Mrs. Roy Langley.

Party Series  
Continued In  
Tustin Home

Extending hospitality to 16 guests yesterday afternoon, Mrs. C. A. Vance and her daughter, Mrs. William Gray presided at the second of a series of parties which they inaugurated early in the season, and which they will continue during the winter months.

Mrs. Vance's home on Main street, Tustin was scene of the affair. Chrysanthemums in bouquets throughout the rooms established a sunny motif observed in other decorative details. Yellow blossoms centered the tables at which luncheon was served. Prize winners in bridge play were Mrs. Stacey Norton and Mrs. Burt Zaiser, who held the two highest scores.

Sharing the affair with Mrs. Vance and Mrs. Gray were Mesdames W. E. Otis, Robert Tut-till, W. D. Ranney, Wyckoff Hoxie, Perry Lewis, W. L. Ferrey, V. V. Tubbs, F. E. Farnsworth, John V. Newman, Carleton Smith, Burt Zaiser, Paul Howe, Stanley Norton and the Misses Mary Tut-till, Martha Tut-till, Louise Tubbs, and Jean Ferrey.

Panel Discussion is  
Feature of  
Program on Gardens

"Outstanding American Gardens" provided the theme for a fascinating panel discussion highlighting the program enjoyed by members of Garden Study club of Santa Ana yesterday afternoon in the home of Mrs. Clyde Walker, 2419 North Park boulevard. Mrs. M. E. Geeting, in charge of the panel, had assistance of Mrs. Frank Harwood, Mrs. Ray B. Stedman, Mrs. Holmes Bishop and Mrs. F. H. Cloyes.

The program followed luncheon served at noon by the hostesses, Mrs. Clyde Walker, Mrs. W. M. Gregg, Mrs. J. H. Turner and Mrs. W. R. Heath. Mrs. Stedman conducted the meeting in the absence of Mrs. C. W. Harrison. Mrs. E. M. Redmond talked on "This Month in the Garden" and Mrs. Mabel Lambert discussed "Indoor Gardens."

Mrs. C. H. Vorce was welcomed as a new member. Others present were Mesdames Frank R. Miller, E. T. Haydens, J. H. Turner, T. E. Tournat, Jack Willey, Mason Yould, Robert Bisby, F. H. Cloyes, Mabel Lambert, C. W. Davies, H. M. Baldrige, Ray B. Stedman, Lena McMillan, Kenneth Morrison, E. M. Redmond, James Posposil, B. W. Ellis, Holmes Bishop, Frank Harwood, C. G. Strook, M. E. Geeting, Clyde Walker, J. H. Turner, W. M. Gregg, Guy Belcher, W. R. Heath and the Misses Ora Davis and Edith Stanley. Guests were Mesdames A. A. Crawford, Flake Smith and Marah Adams.

The club will not meet in December. The next event will take place Friday, January 14 in the home of Mrs. Baldrige, 924 Olive street.

## Sunny Flowers Give Charm To Wedding Rites

Flower decorations in cheerful yellow tones last night in the A. A. Maddox home, 2101 South Oak street, formed a charming setting for the wedding of Mrs. Maddox's nephew, Richard Matthews, to Miss Marie Woods, daughter of Mr. and Mrs. Benjamin L. Woods, 910 Fairview street.

Nine o'clock was set for the wedding hour, which was preceded by a musical program which included the two appropriate bride melodies, "O Promise Me" and "I Love You Truly."

The Rev. Paul Woods of Tulare, came especially for his nephew's wedding, and read the service very beautifully as the bride party formed beneath an archway of yellow chrysanthemums and maidenhair fern.

Miss Woods was a pretty bride indeed in her long gown of airy white georgette, with which she wore a finger-tip veil of tulle, and carried a great cluster of snow sweet peas. Her honor maid, Miss Ethel Knox, wore a filmy frock in that soft ivory hue known as peaches, over light green tulle. Her flowers were sweet peas in various delicate hues. Harold Soule was best man for Mr. Matthews.

More than eighty guests were assembled for the nuptials, and remained to greet the new Mr. and Mrs. Matthews at a reception. A salad course was served in the flower-adorned dining room, where prominence was given to a towering white wedding cake. The first slice of the cake was cut by the bride.

Two aunts of the young couple, Mrs. Maddox and Mrs. Bula Wheeler, served, with the assistance of other close friends.

When the newly wedded pair left later for a honeymoon to be spent in San Diego and other Southland points, the new Mrs. Matthews chose for traveling, a modish tulle in gray, accented with black hat and slippers. They will return to make their home in Orange, Cal.

Both are graduates of Santa Ana schools, and Mr. Matthews, who is the son of Mrs. C. A. Plummer, 1225 West Chubon street, is with Knox Brothers.

## BENEFIT PARTY

Opening her home, 1009 Oak street for a benefit party Wednesday afternoon, Mrs. C. L. Carnes raised a nice little sum for St. Anne's altar society.

Prize winners were Mrs. B. C. Hillsheim and Mrs. Anthony Osterkamp, who held the two highest scores in 500; Mrs. Frank Sheeler and Mrs. Antonio Borchard, who scored high in bridge. Seven tables of cards were in play.

Mrs. Carnes served refreshments at the close of the games, using yellow chrysanthemums for decorations.

## Girl Reserve Ceremony Opens World Fellowship Observance

Santa Ana's observance of world fellowship week will open Sunday afternoon with an annual recognition service which Girl Reserves of the city will hold at 4 o'clock in First Christian church. The public is invited to attend.

The program will begin with organ numbers by David Craighead. Invocation by the Rev. W. S. Buchanan, pastor of the church, will be followed by group singing of the hymn "In Christ There is no East nor West."

Melva Burke will talk on "What It Means to be a Girl Reserve;" Clara Spelman will direct the Association Chorus in two numbers; Margaret Maroney will talk on "The Meaning of the Girl Reserve Symbol."

Forming of the Girl Reserve Symbol will be accomplished by officers of Santa Ana Girl Reserve clubs, including Beatrice Holman as health; Anita Wasson, knowledge; Anita Potter, spirit; Miss Eugenia Bond, president of Inter-Club Council will preside over a candlelighting service which will climax the program.

## Edison Women Hear Mrs. Cloyes Review

Mrs. Edith Cloyes gave a review of "Queen's Polly" by Elizabeth Thane at a monthly meeting of Edison Women's committee early this week in the Santa Ana division office. Ruth Stone, chairman of speakers' bureau committee was assisted by Betty Upshaw and Theresa Nussbaum in planning the program.

Ida Aspinell of Anaheim gave a report of a recent meeting in the Los Angeles home of Mrs. Jeanette I. Rees, general chairman of all the women's committees of Southern California Edison company. Each of the 45 guests gave an account of Edison Women's club activities in her division, it was reported.

One of the speakers at this week's meeting was James Dickson of the Edison company. He demonstrated electric cookery. Gingerbread topped with whipped cream was served with coffee at the program's close.

## Relief Corps

Thirty members of Sedgwick W. R. C. attended a meeting this week in M. W. A. hall following a sewing session and covered-dish luncheon held by aides of the organization. Articles for a winter bazaar were made during the morning interval.

Mrs. Hattie Cozad conducted the regular meeting, during Mrs. Kate Johnson was welcomed after a several months' trip to Minnesota and Oregon. Visitors were Mrs. Chloe E. Lamb of Burr Oak, Kans., and Mrs. Elizabeth Sawyer of Alton, Minn.

## FLAPPER FANNY

By Sylvia

"Well, I've taught 'em everything I know, Chuck. If they don't win this game, there'll be another coach here at Third Ward next year."

## Mrs. Northcross Gives Review for Ebell Section

Program presented by Mrs. Robert Northcross and hospitality offered by Mrs. Dexter Ball were outstanding features contributing to the enjoyment of a meeting of Ebell Modern Literature section yesterday afternoon.

Mrs. Ball's home, 2419 Bonnie Brue, was scene of the affair. Her co-hostesses were Mrs. Lloyd Chenoweth, Mrs. John Ball and Mrs. C. M. Featherly.

Mrs. Northcross reviewed Edna St. Vincent Millay's "Conversation at Midnight." Mrs. Hugh Lowe and Mrs. Clarence Gustlin poured tea during the concluding interval, when refreshments were served from a table centered with a Thanksgiving scene. Puritan figures, a village setting, strutting turkeys and other details proved quite effective. Flowers were in autumn tones.

The next meeting will be held December 10 at 2 p. m. in the home of Mrs. Hugh Plumb, Main street Tustin.

## Party Hosts Observe Patriotic Theme

Flag tallies and other appointments in patriotic motif were features of a party at which Mr. and Mrs. John Turtan entertained Thursday evening in their home, 1235 Martha Lane.

Dancing, cards and other games sped the hours for the group. Prizes were won by Mr. and Mrs. Edwin Maier and Mr. and Mrs. Norman Heffner. American flags brightened tables late in the evening when a salad course was served.

Present were Dr. and Mrs. Richard Paretz, Messrs. and Mesdames John Cozad, Edwin Maier, Norman Heffner and the hosts, Santa Ana; Mr. and Mrs. Charles Wolfe, Costa Mesa; Mr. and Mrs. Edward Ehlen, Orange; Mr. and Mrs. Fay Barnett, Anaheim.

## Adult Education News

One of the most interesting classes offered by the adult education department is that in everyday legal problems, conducted by George Bradley. Last week they discussed community property. For this week the subject is domestic relations, including divorce. This class meets on Wednesday evenings at the Lathrop school.

The conference of Adult Education Principals held recently in Fresno was helpful. Evening school students will be interested to know that adult attendance is increasing in all parts of California.

Nearly 155,000 adult students in Los Angeles filled out a questionnaire recently and some of the results are interesting. Sixty per cent of all people reported that they were happier for having attended evening school classes. More than one-half reported that they were able to enjoy their leisure time better. Copies of a preliminary report based on this questionnaire may be seen by anyone interested in either of the evening school offices.

We are half way through the first semester. It is time for all students who are working for high school credit to check with their teachers to be sure that class work and outside assignments are satisfactory.

New registrations can be made in most classes. Spanish is perhaps the only class where a student who has not had the class work so far would find it impracticable to join.

Dr. Margaret Baker, of the Board of Education and Miss Dorothy Wentz of the county library attended the Regional Conference on Adult Education at U. C. L. A. last Friday. Mrs. Wieman, Mrs. Weston, Mr. Reyes and Mrs. Bishop attended both Friday and Saturday. Mrs. Palmer, Mrs. Lockwood, Miss Hunt, Mrs. Bethencourt, Miss Bowler, Mrs. Wilson, Mr. Schor, and Mr. Young attended the early Saturday morning breakfast and special conference groups for the Southern California Adult Education Section. This is a goodly representation of our adult faculty.

## Hostess Trio Receives S. E. A. Club Group In Ball Home

When three S. E. A. club members, Mesdames C. A. Nelson, R. E. Hughes and A. C. W. Stokes, entertained the club Wednesday afternoon, they were privileged to receive their guests in the attractive home of Mrs. M. W. Ball, 1317 Cypress avenue.

November's great holiday of Thanksgiving was suggested in decorations of the home, especially those of the table where dessert course was served in advance of bridge play.

Four prizes were awarded by the hostess trio, to Mrs. E. A. B. Smith, scoring high; Mrs. H. T. Meneray, second high; Mrs. A. B. Muller, low, and Mrs. L. C. Faust, who captured the traveling award.

Others sharing the hospitality with the three hostesses included Mrs. Ball, Mesdames G. W. Serr, K. H. Stewart, Clarence Sackerson, H. H. Hilgers, Olin K. Suttif, Otis E. Anderson, D. H. Campbell, F. C. Campbell, H. C. Oliver and J. C. Hart.

For their Christmas month meeting, club members will meet on December 8 with Mrs. Meneray, 1511 Louise street. They will forego bridge play in the afternoon for the more fascinating diversion of wrapping gift packages in preparation for the annual Christmas party and tree for the children, an affair held in Veterans' hall.

## You and Your Friends

Mrs. John H. Ebersole, 119 North B street, Tustin, who underwent an operation in St. Vincent's hospital, Los Angeles, several days ago, is reported making a satisfactory recovery.

Mrs. Mabel Seeds Spizky, 1216 North Broadway, has had as guest this week, her son's wife, Mrs. Alfred Spizky of El Centro. Alfred Spizky arrived today to spend the week-end with his mother, and to accompany Mrs. Spizky home tomorrow.

Miss Ann Segerstrom of this community, left yesterday in company with Mrs. Ira Leck of Hollywood, to spend the week-end in San Diego as guests of Mrs. Leck's sister-in-law, Miss Louise Leck, a teacher in San Diego High school.

Mrs. Ralph Almquist, Wilshire street spent yesterday in Los Angeles.

Mrs. Harry Baxter, 929 Spurgeon street returned recently from Blythe where she spent several days with her son and daughter-in-law, Mr. and Mrs. Paul Baxter.

## Well-Dressed and Warm—The Tot Who Wears Laura Wheeler Outfit

Any little girl will proudly wear this smart knitted blouse and skirt—the blouse in plain knitting with openwork set off by a touch of embroidery—the skirt in a ribbed effect that looks like plaids. Pattern 1612 contains directions for making the blouse and skirt in sizes 4, 6 and 8; illustrations of it and of all stitches used; materials needed. Send 10 cents in stamps or coin for this pattern to Register Needlecraft department, Third and Sycamore streets. Write plainly PATTERN NUMBER, your NAME and ADDRESS.

## Election, Initiation Planned When Job's Daughters Meet

Plans to hold election of officers and initiation at the next meeting of Job's Daughters, November 24, were made by members Wednesday evening when they met in Masonic temple under direction of Honored Queen Mary Crowe.

The meeting will come as the last one of the present term, and will be preceded at 6:30 o'clock by covered-dish dinner. On the committee will be the Mesdames Esther Belle Christian, Joe Butler, Aileen Gibbs, Chelena McBurney, Adelaide Johnson, Martha Horrold, Carolyn Rogers and Dorothea Eddy.

This week's session followed a dinner party which Job's Daughters Mothers Circle gave as a benefit for the bethel. Proceeds will go to the girls' fund for the mountain cabin now nearing completion at Forest Home.

Mrs. Harry Crowe was in charge of arrangements for the benefit dinner, which was served to 225 guests. Others on the committee were Mesdames W. C. McFarren, M. O. Johnson, J. C. Rogers, Guy Christian, L. J. Pletke, Ernest Horsemann, F. W. Eddy, Maggie May Reid, Charles Carlson, W. J. Dean, Plummer Bruns, E. U. Farmer and Roland Rossett.

During the meeting, James Frazer of San Francisco, worshipful grand master of Masons, gave a talk.

## Chief Howard Speaks At Banquet Monday

Police Chief Floyd W. Howard and the Rev. Frank C. Fairley will be speakers Monday evening at an annual United Brethren father and son banquet to be held at 6:30 o'clock in the church, West Third and Shelton streets.

The event will be given under auspices of Otterbein Brotherhood, with all men of the church co-operating in the arrangements. Henry Sands, Charles Imm and Melvin McNeal form a committee in charge. William Hart, Royal Gammell and O. C. Denlie are in charge of finances for the event.

In addition to talks by Chief Howard and the Rev. Mr. Fairley, the table program will include singing and responsive readings, it was announced.

## Church Societies

St. Peter Lutheran St. Peter Lutheran Ladies' Aid and Missionary society held a monthly program Wednesday in the church, with the president, Mrs. Lydia Yetmar in charge. Mrs. Helen Fischer was in charge of devotionals and Mrs. Belle Bergstetter conducted missionary lesson on "Our Work in India."

Mrs. Minnie Jones read an article "Roses on Your Reading Table." A playlet "Thanksgiving Thoughts" was read by Mrs. Guy Coons. Sunday evening, November 21 was named as the time for presenting a thank offering program.

Mrs. Mary Lykike and Mrs. Christine Faccou were hostesses for the day, serving refreshments.

First M. E. Frances de Pauw school in Hollywood will benefit by a sewing meeting which members of First Methodist Women's Home Missionary society Frances de Pauw group held Wednesday in the home of Mrs. Frank Hildebrand, Ball and Nutwood roads.

Members spent the time working on quilt blocks. In addition, gifts were assembled for presentation to the girls of de Pauw school during the holidays.

Mrs. H. I. Tway conducted a short business meeting, for which Mrs. W. L. Miller gave devotionals on "Peace." At the close of the affair, Mrs. Hildebrand and her daughter served tea and cakes.

Guests were Mesdames John Estes, S. M. Davis, C. D. Ball, C. H. Jeffrey, J. W. McCormack, N. Irwin, Henry Guthrie, W. A. Taylor, J. W. Straight, W. L. Miller, E. R. Carhart, S. A. Stoneberger, Charles McQuillin, Leo Meyers, B. Lane, J. C. Flack and the Mesdames Blanche Collings and Florence Iorns.

## Party Honors Guest Sister From Oakland

The very charming Oakland girl, Miss Betty Wiegand, who is here for a fortnight's visit with her brother-in-law and sister, Mr. and Mrs. Philip H. McVicar, 1123-1-2 French street, was inspiration yesterday for an intimate little bridge luncheon at which Mrs. McVicar entertained at the Country club.

Quite definitely autumnal were table appointments for the luncheon hour, and all the paraphernalia of tally cards and score pads for the afternoon's contract play. Mrs. Ervin H. Guthrie and Mrs. Paul Hall, with first and second high scores, received the be-ribboned gift packages provide by their hostess, who also had a consolation prize which went to her sister honoree.

Mrs. George H. Walker, Mrs. Albert, Harvey, Mrs. Robert Miller and Mrs. Elbert E. Baker completed the two table group.

Miss Wiegand, who arrived a week ago, is bringing her Southland visit to a close Wednesday when she leaves for her Oakland home.

## PROGRAM OF POETRY

Mrs. Harwood Sharp has returned to her home, 222 Orange avenue, after a pleasant week's visit in Claremont with her son-in-law and daughter, Mr. and Mrs. T. E. Johnson. Mrs. Johnson was the former Joella Sharp of this city.

Immediately after the holidays, Mrs. Sharp, who writes under the name of Gazelle Stevens Sharp, will present that program of original poems of childhood, which she has given so successfully here for the Women's Alliance of Long Beach. Unitarian church, Each Alliance member is asking a young mother of her acquaintance, to share the interesting program.

## Mixing Bowl

The beauties of ancient Rome, Italy, Greece and Egypt "knew their onions" when they made palm and olive oils an important part of their beauty program.

Those countries were hot, and oils were a necessity to keep skin pliable and beautifully young. While our country isn't hot, our modern way of living dries out skins just as fast and furiously as did the hot climate Cleopatra and Helen of Troy lived in. For weeks I have been experimenting with a lotion that would be both skin feeder and make-up base, and after using it daily for several months I feel that it can be safely recommended to young women who have a naturally dry skin and to all women over forty.

Into a bottle put:  
4 tablespoons strained lemon juice  
1 ounce glycerine  
6 ounces olive oil (3-4 cup)  
2 tablespoons favorite toilet water  
(2 tablespoons make a fluid ounce)

An Ann Meredith formula. Shake well to emulsify and shake each time before applying. If you are tanned, add 2 ounces of peroxide and increase the oil to 1 cupful.

The best time to apply the lotion is while taking your bath. Wash face with soap and rinse well with warm water, then give the lotion bottle a good shake, pour a teaspoonful in your hand, and apply to face and neck. Let it steam on for a while while you are bathing. Then when dried, massage what you can into face and neck, rubbing hands up over arms to use excess oil. When you've rubbed in what you can, remove the excess with a clean towel or tissues and apply powder and rouge. You'll find that your make-up stays fresh practically all day.

Remove make-up at night by sponging it away with a piece of cotton dipped into perfumed mineral oil, then wash face with soap and water and apply a thin film of olive oil lotion for night care.

EAT AND GROW SLIM MENU Breakfast

### Plans Speech

George Y. Hammond, state superintendent of the California Anti-Saloon League will speak Sunday morning at 11 o'clock in the Christian and Missionary Alliance church, South Main at Bishop on the subject, "The New Approach To The Liquor Question." The public is invited.

### Letters from War Victim to Be Read

The basis of the Armistice Day observance at the Unitarian church tomorrow will be the reading of parts of four letters received by the minister from a Southern California boy, recently killed in action in Spain. The letters describe vividly the agricultural work in the peaceful part of the land, the terrors and horrors of actual campaigning and the exaltation of winning a "peaceful victory," when the rebels, convinced of the friendliness of the loyalists, came running with open arms to greet the approaching army, church leaders said.

As part of the service preceding the address, Paul Velez will read the Armistice Day poem, "The Cold Rain Falls." The service is at 11 o'clock and the public is invited.

### Endeavor Rally Set for Monday

A county-wide adult Christian Endeavor rally will be held next Monday at 7:30 p. m. in the Salem Evangelical church, 400 West Center street, Anaheim. A short program of music under the direction of Gerald Bower, of Santa Ana, will include special numbers by Mrs. Edward Lovell and Vern Estes, of Orange, and the Cowan sisters, of Santa Ana. Miss Velma Sise, of Santa Ana, will present a reading. An address by Dr. W. H. Eickett, of Fullerton, will be a principal feature of the program. The public is invited.

### Missionaries To Speak Sunday

The Rev. and Mrs. Arnold Weston, returning missionaries from Mossiland, Africa, will be guest speakers tomorrow evening at the 7:30 service in the Full Gospel Assembly, 1600 W. Third street. They will present the work of their field, where they have spent the last few years. All are invited. It was stated by the Rev. E. L. Friend, pastor.

**Christian Endeavor societies, 6 p. m.; Fellowship, 7 p. m., Christian Fellowship in worship. Prayer service; Minister's evangelistic message; "Asking the Most Important Question."**

**Silver Acres Community Church—** West End of Fifth street. R. D. Richardson, pastor. Morning service at 11 o'clock; special communion service, pastor preaching. Evening service at 7 o'clock. Neal B. Weir, missionary returned from six years in Peru, speaking. Christian Endeavor at 8 o'clock. Mrs. Neal B. Weir, speaking.

# COME TO CHURCH

The Church Is The Meeting Place For God And His People

## "COME - GO"

And as ye go, preach, saying, The Kingdom of Heaven is at hand.—Matthew 10:7.

In my favorite study Bible, the last page of the Gospel of Matthew faces the first page of the Gospel of Mark.

On these two opposing pages there are two words, opposite in meaning, and yet closely related, which seem to me to epitomize the whole course of the Christian life within the scope of six letters.

Mark, in his first chapter, tells how Jesus walked by the Sea of Galilee and encountered Simon and Andrew, casting their net into the sea. "And Jesus said unto them, Come ye after me and I will make you to become fishers of men." (Mark 1:17).

In the final words of Matthew we see the picture of Jesus as he met with a group of His friends on a mountain to bid him farewell. Jesus said to them, "All power is given me in heaven and on earth. Go ye therefore, and make disciples of all the nations." (Matthew 28:18-19).

There you have the two words—"COME" and "GO."

The whole teaching of Jesus is filled with the invitation to come. His mission was to bring men to God and His invitation was all-inclusive. "Come unto me, all ye that labor and are heavy laden . . . Take my yoke upon you and learn of me." "All that the Father giveth me shall come unto me, and

him that cometh unto me I shall in no wise cast out."

Coming to Jesus means accepting Him as the Saviour and Master—forsaking sin and turning to Him as the Ruler and Guide of life. It means all that we ordinarily mean by terms like "conversion" and "regeneration." Coming to Jesus is the first and all-essential step in entering upon the Christian way of life.

When Jesus said to Simon and Andrew, "Come ye after me," He invited them to enter the life of service and sacrifice and suffering which they found with Him. It was their great call to dedicate their lives to the great principles for which Jesus stood.

But coming to Jesus is only part of the process. Many people make the mistake of thinking that this is the whole matter and that when they have come to Him and accepted Him as the Saviour, they have done all there is to do. Folks who take that attitude never get very far in His service.

Coming to Jesus immediately suggests the further step of going to work in His cause. If we leave off the "going" part, we become selfish misers of His truth, hoarding for ourselves the precious message which we ought to share with all mankind. We are "saved to serve" as some one has put it, and if our coming to Him does not impel us to go out and bring others into the light of His gospel, then we have completely missed the point.

"Go ye" is a command which gives the force to our Christian lives. It is the dynamite, the driving power, the motivating force which sends the Christian out to do battle for the right and to help his fellow men in all their places of need. It is the keynote of the so-called "social Gospel," which quite properly seeks to establish a new social order in the world by putting new hearts and motives into the people who make up society.

The man or woman who comes to Jesus for forgiveness and salvation and then fails to carry out the marching orders of our great Captain is missing the meaning of salvation and is falling far short of the mark set before us. To make of the love of God as revealed in Jesus merely a selfish means of escape from our sins is to degrade the whole philosophy of the Christian life, and to frustrate the will of God.

We love to think of the universality of the invitation to "come." "Whosoever will, let him come," we say, and we stand in amazement at the wideness of God's mercy. We ought to realize that the order to "go" is just as wide, just as sweeping, just as universal. There are no exemptions in the army of the Lord. To everyone who has come to Him the order stands to go and help others.

If your Christian life seems weak and unsatisfactory and incomplete, perhaps it is just because you have failed to carry out in its entirety the instructions given to you. Perhaps you have "come" and then failed to "go." For fullness of life, try both the "come" and the "go" of Jesus.

Our Children

BY ANGELO PATRI

THE POWER OF THE WORD

Do you want to keep alive some trait of character in a child? Talk about it. Every time the child practices the act you want to strengthen, speak about it. And keep praising the virtue you want him to acquire. Keep insisting in season and out that he has it, that he uses it well, and that you are highly pleased about it. That is the best possible way to have him take over the quality and knit it into his very soul.

And the same thing stands for the quality that you would have him discard. Keep talking to him about it; keep telling him how dreadful it is that he is that way, and as sure as you live he will be that way. There is nothing as powerful as the spoken word. It can become the greatest power for good, or the greatest power for evil as you use it.

Speech is a positive force. It is never negative. It does things to those who use it and to those upon whom it is used. You cannot say things and expect that nothing will happen. Something does happen in the mind of the listener. Either he gets a good impulse by hearing what you say, or he gets a wrong one. But he is certain he is affected one way or the other.

Speak often in praise of good deeds. Praise the things you think the child needs to add to himself. Keep silent about those you feel he should not acquire. If you must speak about a fault, do it privately, impressively, briefly, and let silence fall over that fault, silence deep and profound, a killing silence. Remember that speech, must talk will give life and reality to the thing you want to kill. Silence will effectively kill an idea. Choose the practice that will do the work you want to do.

We talk too much to children about the wrong they do and we say too little about what is good in them. Don't be afraid to praise a child for what he does well. Tell other people about it, too. Every word spoken aloud concerning the good a child does, or the evil, is a strengthening force for good or ill. Some people are grudging of their good word and spare it lest they give a child too good an opinion of himself. There is no danger. The danger lies in making him feel he is unfit. Talk positively for the good that is in him and cover the less happy qualities with a blanket of silence.

Keep the children's mistakes as secret as possible, even from the other members of the family. Any discussion of them only strength-

ens them. Passing them along to others only makes the child that much the weaker for he gets the reputation of being thus and so, and that reputation counts. Make it a good one or keep still.

Mr. Patri has prepared a special booklet (No. 801) entitled "Obedience," in which he tells parents how to cope with the difficult problems of disobedience. Send for it, enclosing ten cents. Address your request to Mr. An-

A low, as the weather man knows it, is an area of the relatively lowest barometric pressure. It matters not what the barometric reading in a low may be, as long as there is no lower reading within the low. The low is called a cyclone and the wind around it is known as a cyclone circulation.

## CHARM OF GUEST ARTIST WILL VIEW WITH CANTANDO CLUB WORK AT OPENING CONCERT TUESDAY

With only Monday night's rehearsal between them and their opening concert of the season, to be given Tuesday night in Santa Ana high school auditorium, men of Contando club are all on their mettle, knowing that their work must rank high indeed in competition with the charm of the guest artist for the evening, Madame Tamara Shavrova, famous Russian coloratura soprano.

With Benjamin Edwards wailing in the piano, club members have put in many faithful hours of rehearsal for this opening concert. They have chosen a remarkably fine program in which sacred and secular music are well balanced, so that every musical taste will find something of outstanding importance.

**Through Expected**  
Advance ticket sales have indicated the place that Cantando club holds in the affections of the entire county, but it has been pointed out that those who have not yet secured season tickets, may yet do so through the club secretary, Dwight Tock, 432 North Broadway, or who may be reached by telephoning 1332.

Club members feel especially fortunate in securing an artist of the caliber of Mme. Shavrova for their special feature. She is a comparative newcomer to the Southland, although she scored an overwhelming success in San Francisco where she sang with San Francisco Opera company in a brilliant season. Of Russian descent on her father's side, and French on that of her mother, she had her musical training in Europe, where she concentrated extensively as well as singing famous operatic roles.

**Exquisite Voice**  
Late last month when she came to Los Angeles, she was one of the featured artists on a "Traviata" program given in the Biltmore for Euterpe Opera reading club. Orange county's well known baritone, Stanley Kurtz of El Modena, was also on this program, and the two were received with enthusiasm. Several Santa Anans were in the audience and were deeply impressed not only by Mme. Shavrova's exquisite voice and dramatic interpretations, but also by her beauty and charm. She is also a favorite radio artist, having been featured soloist with the Salvatore Santarella Concert orchestra over a national network, and over Columbia and NBC networks.

Tuesday night's concert will be one of three which the club will present this season, the tenth consecutive year of Cantando club's existence. Miss Armstrong has been accompanist ever since its founding ten years ago, and is a vital part of the organization, although the only feminine member. She has received wide fame as accompanist for various guest artists, who perhaps uncertain at first, as to their work with an accompanist new to them, have expressed warm enthusiasm over her skill and musical understanding.

## Modern Poets

BY BEULA MAY

Three delightful poems of Mexico by Rosa Zagnoni Marinoni.

### MADONNA OF MONTEREY

by Rosa Zagnoni Marinoni  
Garbed in a full red skirt and yellow blouse,  
She sat upon the door step of her house;  
Close to her breast she kept her baby son,  
A curly headed, patient, little one,  
As with slow gestures and appealing eyes  
She offered fresh, green figs, to passersby,  
Dove centavos bought a big bag full—  
"Fresh figs Senora? See? They're beautiful!"

Somehow I bought fresh figs every day  
From this kind mother, while in Monterey,  
For as I looked at her, once in a while,  
I caught upon her lips the gentle smile  
That once the great Murillo chose to place  
Across his sweet Madonna's lovely face.

### MEXICAN MOUNTAIN

Regal as mountain can only regal be,  
When granite peaks jot cloud-wise to the skies,  
El Cerro de la Silla's magic peace,  
Against a purple sunset meets my eyes.  
A team of oxen pulling at a plow,  
Led by a small boy with a whip of reed,  
Is followed by a woman who flings out  
Into the fresh earth-wounds the fertile seed.  
The eagles swing across the wind's sea-saw,  
Gay Golondrinas swarm a yucca tree;  
The mountain in its placid rustic frame,  
Is lovelier far than prairies, woods or sea.

### LILIES OF THE POOR

There are no red geraniums in the windows,  
Nor fancy jars with hyacinths in bloom.  
Long strands of garlic and of bright red peppers  
Swing from the ceiling of the kitchen-room.  
The red-brick casement frame has caught a picture:  
With garlic and red peppers as contour,  
Small children crowd to gaze outside the window—  
Their faces are the Lilies of the Poor.

William Henry Harrison, ninth President of the United States, was a grandfather of Benjamin Harrison, 23rd President.

## DECRIES USING SALE PRICE AS MARK OF VALUE

"The present method of property appraisal is based too often on the price of the property at its last sale, and sales do not always give the true value of assessment." This was the opinion given to the Santa Ana Realty Board in regular session at the Rossmore

cafe yesterday afternoon by James Sleeper, county assessor. "The very elements that go to make up each individual sale must always be taken into consideration," Sleeper continued, "since it is impossible to always determine what prompted the buyer to make the purchase." "One man might pay a much higher price for a piece of property than another for purely personal reasons and the true value of the land would be distorted," Sleeper said. "It is true that the Assessor's office makes mistakes, but they are mistakes that are brought about through human judgment. In the handling of 70,000 assessments a year, it is only natural to expect to have errors." Earl B. Hawks, president of the board was in charge of the meeting and introduced the speaker.

## WOMAN PASTOR MAKES TOUR

The Rev. Alice Ann Parham, co-pastor of the Santa Ana Four-square Gospel church, left yesterday for Kansas City, Kan., for a two weeks vacation and special evangelistic tour. While in Kansas she will visit relatives of the Rev. W. C. Parham, her husband and co-pastor at the church here. She was accompanied on her trip by Miss Mabel Sexton of Brea. While in the east, the Rev. Mrs. Parham will arrange for special

services and speakers during the holidays.

Sunday morning services at the local church will be conducted by the Rev. Mr. Parham who will talk on "Believe It or Not." Sunday night he will show more than 100 stereopticon slides on Russia, Spain and other European countries. The pictures were taken by Dr. R. Patmon, of Berkeley.

Tuesday night the Rev. Harry B. Millar, Fillmore, will conduct services at the church.

### FRIENDS ENTERTAINED

SAN JUAN CAPISTRANO, Nov. 13.—Mr. and Mrs. M. F. Forster entertained a group of friends at their Mission Hill home recently with a barbecue honoring their houseguest, Mrs. Gus Seidel of Glendale. Twenty guests were present for the afternoon barbecue and for dancing in the evening.

# SAN DIEGO'S DEATH TOLL MOUNTS TO 48

SAN DIEGO, Cal., Nov. 12. (UP)—Frank Morikawa, 51, became San Diego's 48th traffic victim of the year today, despite intensified police efforts to curb the mounting toll.

Morikawa was horribly mangled and both legs were nearly amputated when he was struck by an automobile and crushed against a small truck from which he was purchasing fish.

Police arrested Wesley M. Hiner, 27, radioman second class, in the U. S. Navy, on a charge of negligent homicide. Police said they found a partly filled whiskey bottle in Hiner's car but the sailor denied he had been drinking.

# Recovers, Then Is Nabbed as Thief

O. F. Blankenship of Long Beach today walked out of St. Joseph hospital, after recovering from severe injuries received some time ago at Huntington Beach in an oil derrick fire, only to be arrested immediately by Deputy Sheriff G. F. McKelvey of Santa Ana, and Deputy Marshal English of Long Beach.

It was asserted Blankenship, who was not booked at the local jail, is wanted in Long Beach for alleged petty theft.

# NEW CAR STOLEN

ORANGE, Nov. 12.—Police of all cities in Orange county and the sheriff's office were asked to search for a new Chrysler automobile stolen from the streets here yesterday afternoon. The car, license No. 3-Y-5290, was the property of Dr. Paul Rumph and was driven away from in front of his office at the corner of Chapman and Olive streets.

# PROWLER ESCAPES

ORANGE, Nov. 12.—Police here are looking for a prowler who, last night won a foot race with Everett Stegall, 136 North Olive street. Stegall called the police shortly after midnight and reported the prowler and said that he had chased him down Olive street until he disappeared into an alley. The man, he said, was wearing overalls and a dark jacket.

# High School Notes

BY VIRGINIA HURST

The singing of two stanzas of "America" opened Wednesday's Armistice Day assembly. Under the direction of Herbert Bickel, the combined glee clubs sang "Song of the Vikings" and "To The O' Country." The musical entertainment was concluded by the double octet singing "The Nightingale Song," "Pirate Dreams," "The Green Cathedral," and "The Americans Come." The meeting was concluded by an interesting talk by Mr. Otto Jacobs, a representative of the American Legion. Jacobs' theme was "Let Us Forget."

At the Beverly Hills high school, Nov. 20th, Journalists from various parts of Southern California will attend the annual High School Press Convention. Numerous subjects concerning journalism will be discussed such as: make-up, sports, editorials, humor columns, news stories, and advertising.

The master of ceremonies will be the prominent child actor, Jackie Cooper. Following the discussion, there will be entertainment featuring several well known people.

The Generator, the weekly school paper, has been proven to be of stable value. This discovery was made by the first period chemistry class. The class has been experimenting with hypochlorous acid, which is one of the strongest bleaches. They bleached everything they could find, but when the Generator was added to the list of articles, it couldn't be done!

Last Wednesday's Color Day proved to be a big success. The students wore the school colors, red and white, and if possible they wore red and white costumes. Bob Emerson, Wally Grigg, and Mike Rives were presented with the awards for the cleanest get ups.

The committee who arranged the event was Leon Lauderbach, Lorraine Tarbo, and Lorraine Sweet. The celebration was carried out further by "Hello Day" cards. The cards are for the purpose of signatures of friends.

Small red and white yarn dolls were sold by members of the G. A. A. which were worn in lapels and button holes.

Marvin Jacobs was elected president of the Southern Orange County Honor Society. The first meeting was held in the high school's Little Theater last Tuesday evening. There were approximately 60 students from Orange, Tustin, San Juan Capistrano, and Laguna Beach who attended the meeting.

After the business meeting a dinner was served in the cafeteria. Succeeding this dinner Frank Was, one of the boys who took the voyage on the "Stranger," told of his experiences in the South Seas. The entertainment continued by four numbers sung by the combined glee clubs under the direction of Herbert Bickel. The sixth period drama class concluded the program by presenting a one act play entitled, "Psyching Mabel."

Each week the Generator publishes a list of important football games to be played by numerous schools and colleges throughout California. The students who wish to enter in the contest guess the possible scores of each game and the winners of the games. Last week Don Hamaker and Charlotte Quiggle won tickets to the Santa Ana-Fullerton football feud as the two highest contestants.

# Death Stalks the Highway "THE NUT THAT HOLDS THE WHEEL"

Cooperating with the Santa Ana Police department in its safety driving campaign The Register is donating space for this "strip." The sketches were purchased by the policemen in order to impress on the minds of the people of Santa Ana the necessity for careful and sane driving.

Watch the NUT that holds the steering wheel. Do not let it get too tight.

For if it does, and still lives.

It might be charged with drunken-driving.

# Three Boys Held In Car Tampering

Arrested by California Highway Officer Norman Heffner yesterday afternoon and charged with tampering with an automobile, three Santa Ana juvenile boys were booked at county jail.

The boys assertedly stopped at the scene of an unattended and damaged automobile, removing a tire. They declared they needed a tire and believed it was all right to take, according to reports. Juvenile authorities will handle the case.

# LIBRARY GETS FLAG

LAGUNA BEACH, Nov. 12.—The local branch of the County public library on First street just below Park avenue displayed its new flag on Armistice day. The emblem, a regulation U. S. Army flag, was recently presented to Mrs. Margery Case, local librarian on behalf of the library. The flag was hoisted again yesterday and will, henceforth, be displayed daily. Presentation to the library was made by a delegation from the local auxiliary of the American Legion.

# FIRE DAMAGES HOME

A fire believed caused by a cigarette, this morning burned a fed and caused approximately \$25 damage at the small home of Fred Kelly, Orange avenue, near Goetz street. Fire Chief John Luxembourger reported. Kelly was not present when firemen arrived and extinguished the blaze. The room had been but slightly damaged.

# Police News

Arrested by Police Chief H. L. Grant, Huntington Beach, yesterday afternoon, Matthew R. Hauser, 50, Long Beach, was booked at county jail on drunk driving charge.

Jose Duarte, 27, Mexico, was booked at county jail yesterday by Immigration Officer Franklin Davis and charged with violation of the immigration laws.

Arrested by Deputy Sheriffs Steve Duhart and Fred Swayze last night on a charge he stole four bales of barley from the Santa Monica hog ranch, Cerritos road, half a mile west of Hanson road, A. H. Bencke, 43, Route 1, Anaheim, was booked at county jail on petty theft charge.

Martin Kothe, Route 1, Santa Ana, told city police, his car was parked at the carnival grounds, Fourth and Garfield, last night, when thieves stole a 500x19 tire, make unknown, valued at \$6.

Accused of selling immoral pictures to a minor, Homer C. Brandt, 27, Route 4, Santa Ana Gardens, last night was jailed here by Deputy Sheriffs Bob Steinberger and James Workman. Brandt was charged with contributing to the delinquency of a minor.

# D. A. V. Group to Attend Conclave

Members of Jack Fisher chapter, Disabled American Veterans of the World War, will go to San Bernardino tomorrow for a meeting of the eighth district organization.

The meeting will start at 12:30 p.m. with luncheon to be served in the California hotel. The business session is scheduled for 1:30 p.m. and continue through the afternoon.

# REHEARSAL PARTY

Last in a succession of pre-bridal parties complimenting Miss Helen Demetriou and Paul Johnson, was that which followed last night's rehearsal of the wedding pageant to be staged tomorrow in Church of the Messiah.

Mr. and Mrs. George A. Demetriou were hosts to the young people of the wedding party, who met in the Demetriou home, 1638 East Fourth street, after the rehearsal. Miss Valerie Demetriou, who will be one of her sister's attendants, and Miss Betty Campbell served ice cream roll with cake and coffee, from a table charmingly arranged with roses and chrysanthemums.

Others in the group with Mr. and Mrs. Demetriou and the affianced young people, Miss Demetriou and Mr. Johnson, were Miss Dorothy Dunbar, Mr. and Mrs. Clyde Higgins, Mr. and Mrs. N. Carleton Smith and Messrs. Cliff Erickson and Chris Demetriou.

# Dinner Held By Newport Groups

NEWPORT BEACH, Nov. 12.—Approximately 80 members of the American Legion post and auxiliary attended the annual joint dinner of the two groups at the Legion hall this week.

J. D. Watkins, post commander, was toastmaster for the occasion. Gus Tamplis was in charge of the dinner and Lancy Sherman, games and other entertainment.

# Court Notes

George Klimick, employed at the lunch counter of a Santa Ana drug store today received a suspended sentence of 60 days in the county jail from Superior Judge H. G. Ames, after pleading guilty to a charge of reckless driving. The charge was reduced from a felony, drunk driving. Sentence was suspended one year.

Sumiyoshi Imamura, who passed a bogus check for \$55 to Hiram D. McDonald, was sentenced last yesterday by Superior Judge James L. Allen to serve a term of from 1 to 14 years at San Quentin.

Two suits for divorce were on file today in superior court. Bessie D. Overholser filing suit against Robert J. Overholser on grounds of alleged cruelty; and Bernetta Kuhn asking a decree against Charles Kuhn, also on grounds of cruelty.

CHICAGO CASH GRAIN

CHICAGO, Nov. 12. (UP)—Cash grain: Wheat; 5 hard 84 1/2; oats; 1 white 23 1/2; 2 white 22 1/2; sample grade 22 1/2; Rye; No. 2 72 1/2; barley; feed 41-52; malting 60-85.

CHICAGO, Nov. 12. (UP)—Wheat futures weakened on the Chicago Board of Trade today in accord with growing skepticism in world markets that crop damage in the Argentine may have been overestimated.

At the close wheat was 1 to 1 1/2 cents lower, corn 1 to 1 1/4 cents lower, and oats 1/4 to 1/2 cent lower. Substantial losses were registered from the high point on the recovery reached yesterday when reports that frost had slashed exportable surplus of the South American country swept prices into firmer ground on a wave of anxious buying.

Pressure of liquidation and hedging weighed heavily on the corn market and prices eased.

## New York Stock Market

NEW YORK, Nov. 12. (UP)—Trading fell off sharply on the stock exchange today when the list encountered selling. Prices drifted down fractions to 2 points, but in the last 15 minutes came back from the lows on short covering.

Shorts wanted to be clear of commitments before opening of the special session of congress Monday. However, long operators continued cautious and the short buying was insufficient to set off a general purchasing movement.

Steel shares met good support when reports from leading centers indicated the drop in operations leveling off. Pittsburgh, home of heavy steel, reported its schedule for next week at 38.5 per cent of capacity, a rise of 4.5 points from this week's rate. Youngstown, which makes large amounts of automobile steel, will begin next week at the present rate of 45 per cent of capacity. This week both had sharp declines and the national operating rate fell 15 per cent since July 15, 1935, when it was 39.9 per cent.

## New York Bonds

NEW YORK, Nov. 12. (UP)—Brazilian obligations broke to further new lows for the year and longer in fairly active trading on the listed bond market today.

Losses ranged from fractions to 17 1/2 points, the latter in Sao Paulo State 8s of 1935, untraded yesterday, at 17 1/2, a new low since 1933. Government funds slipped 2 to more than 3 points and recovered to show losses of fractions to less than 2 points at the close. Other South American bonds were steady to moderately lower.

Domestic corporation loans were irregular and quiet. Medium priced issues eased slightly under lead of Colorado and Southern. First-grade carriers steadied.

Industries recovered from early easiness and steadied around their previous closings. Republic Steel, Westinghouse, Fire and Rubber and Youngstown Steel and Tube issues were in best demand. Utility funds were dull and narrowly irregular.

U. S. Government bonds advanced 1/32 to 7/32 point in light trading. Long-term treasuries were favored on the upturn.

Transactions approximated \$4,000,000 compared with \$5,346,000 last Saturday.

## DRIVE CAREFULLY - SAVE A LIFE -

### CIVIL SERVICE AND THE POST OFFICE

Proponents of civil service invariably point to the post office department in defense of the so-called merit system.

Merit, however, consists of more than abstention from politics.

The post office department undoubtedly is efficiently manned, but civil service does not enter into its efficiency.

Employees of the post office department are automatons in a sense. Day after day the workers do the same chore—almost piece work. No initiative is needed. They are not called upon to act in emergencies. Theirs is not a type of work that calls for exercise of judgment that may mean the saving of life or property. They come to work at a certain hour, do the same work they did yesterday and the day before, and go home at a certain hour.

How different the work of the policeman or fireman. They are called upon to show courage when only courage will relieve a tense situation. They must show initiative and, at times, rare judgment. They are subject to the call of duty any hour of the day or night. This is the type of man now protecting our lives and property in Santa Ana. How do we know that in the future, under civil service, we can get this kind of worker?

A most serious objection to civil service is the fact that it offers promotion almost solely on the basis of seniority. Everything else being equal, that, no doubt, is a fair policy. But how often is everything else equal? In how many private business houses is the oldest employee in the most responsible position? Efficiency, and that alone, should determine promotions if the whole system is to be a maximum efficiency.

Some elasticity in the seniority rule is allowed in the interests of efficiency, and this is as it should be. But this same elasticity can be called into play in the interests of political expediency as readily as in the interests of efficiency. And this blows up the biggest argument in favor of civil service—that "it keeps politics out" of our municipal service organizations.

And let us not be misled by the enthusiastic statements of those in the civil service or those who might profit by its extension. Those on relief are sure to favor larger doles; the agricultural group is in sympathy with farm relief measures; the veterans will fight for pensions for the veterans. And civil service employees will extol the advantages of the civil service system. They are assured the permanence of their jobs.

The people of Santa Ana next Tuesday can answer all these questions at the ballot box.

Do you want efficient, courageous service from our police and fire departments, such as we have now, or do you want to make an experiment with your life and property at stake and with increased taxes?

### IGNORANCE IS BLISS—SOMETIMES

When a housewife of any number of states walks into a grocery store to buy food for her family she is obliged to pay a direct sales tax on virtually everything she purchases. The tax ranges generally from a penny upward, depending on the size of the purchase. As a result of this form of taxation, the people of those states are, to some extent at least, tax conscious.

Saturday afternoons when Mrs. Consumer is stocking up on groceries for the week ahead, one may often observe her arguing with a clerk over an error of a paltry penny in the sales tax. She is paying a direct tax, she knows it, and resents it because it forces her to pay a premium on the necessities, as well as on luxuries.

For example, taking the nation as a whole, invisible but traceable taxes are 6.4 per cent of the retail price of bread; 8.14 per cent of the price of beef, and 18.3 per cent of the price of sugar. Mrs. Consumer does not realize this unpleasant fact. Likewise, she probably does not realize that, if her husband is an average \$18-a-week laborer or clerk who owns no property, they pay \$116 annually in these hidden taxes, Federal, state and local taxes. If she and the majority of consumers did realize it, the Federal debt would not now be in the neighborhood of \$37,000,000,000.

### PAY FOR PUBLIC SERVICE

A movement now is on foot among certain New Dealers, according to reports from Washington, to start a general revision upward in the salaries of top government employees. It is argued that a great many high officials recently have been lured out of government service by offers of more money in private industry. To be served well, it is urged, Uncle Sam must pay salaries commensurate with those obtainable outside.

In some way this is quite logical. Yet it is doubtful if government ever can compete for the services of gifted men on a purely financial basis. It is even doubtful if it should, provided that it could.

Suppose, for instance, that salaries of congressmen and senators were boosted, as has been suggested, from \$10,000 to \$25,000 a year. Would we be any more likely to get unselfish statesmen who served the nation rather than special interests? It seems rather obvious that we would not. For a man who is willing to devote his career to public service, in the larger sense, it is not actuated by a desire for wealth.

### BETTER EDUCATION—OUR GOAL

In our opinion, the way to increase the efficiency and usefulness of schools is to have public schools conducted in a manner that will benefit ALL in the highest degree. If every community would do this, a system of the highest productive benefits would result.

If we were the only writer criticizing school management and text books we would consider our remarks as valueless.

As evidence that we do not stand alone in our opinions of present-day education, we quote from several well-known educators:

Robert Hutchins, president of the University of Chicago, said, "There are no good books in the elementary or high school curriculum."

Dr. Laura Zirbes, professor of elementary education in Ohio State University, declared:

"I should like to see schools prepare children, not for what life is, but for what it might be—and make them able to change our civilization for the better."

Bertha Streeter, writing for The Christian Science Monitor, says:

"The American city generally conceded to have made the greatest progress in education during the last two decades has a school system notably free from politics. . . . Names of candidates for the school board appear on both party tickets. They are chosen not as representatives of a political ward but as public servants for the entire community. Election to the school board is tantamount to a vote of confidence from the public, indicating faith in the teaching profession's ability to manage its own affairs. Unless the entire school system is free from politics, it serves first, not the children, but adults, each of whom is eager to advance his own personal interests."

Mr. Cyril Norwood, president of St. John's college, Oxford, recently addressed the New Education conference at Melbourne, Australia. He said, in considering the question of education for democratic citizenship:

"We must begin with our own schools. Those schools must not only be places of instruction, they must also be ways of life."

He criticized the school system for putting too much stress on grades, saying such schools were like mass-production automobile factories. He said, "They send out articles all up to a standard, but lacking two essentials—quality and lasting power."

It might be well to remember at all times that any comments made in this column are for the purpose of improving the general welfare of all in order that the comforts of life may be shared in proportion to worthiness. That is our goal!

### ROOSEVELT GIVES SOUND ADVICE

According to news reports, Roosevelt is beseeching Green to reduce the hourly rate of pay of the workers in the building industry with the idea that there will be more employment. It is reported that Green refuses.

Even Roosevelt is beginning to realize that when the labor costs are too high, the buyer does not have enough of other production to trade for these high arbitrary labor costs.

If the builders were working full time, they would produce more and there is absolutely no need of unemployment, excepting for artificial prices. Business, in the final analysis, is just an exchange of services and there is unlimited wants to be filled. The only reason they are not being filled is because people are demanding more for their services than they are worth on a competitive basis. And when we eliminate competition as a guide for prices, then we have no guide. We have chaos, unemployment, and misery, just as we have now.

### MENACE OF BIGNESS

Chief Justice Brandeis, in his book "The Menace of Bigness," says that competition is wasteful but it is not as wasteful as monopolies.

It is, therefore, a question of judging the lesser of two wasteful methods until there is some better method devised.

### "THE CITY THAT WAS"

News of the death in Santa Monica, at the age of 78, of Francis Joseph Heney, the famous prospector, inevitably brings up pictures of the San Francisco of another day—"The City That Was," as Will Irwin called it long ago. It was beautiful even then, full of the juices of life, and astonishingly corrupt. It was Jack London's town. There was tough goings on "south of the slot." The Barbary Coast was still there, and the Embarcadero possibly had more romance than it has today, when shipping is ruled by a smart little labor leader named Harry Bridges. A bright young man named Edward Bowes was foreman of a grand jury. Hiram Johnson was a promising young lawyer. A fighting journalist with a fierce mustache, Fremont Older, chewed his long black cigars and tilted against the forces of evil. Abe Ruef was a crooked little lawyer and fixer who wielded tremendous power, and the Mayor, the stupid Schmitz, was his tool. William J. Burns, the detective, was on the side of Nemesis.

All that seems far off, but it happened in the first years of this century. Most of the actors are gone. Heney, the flaming prospector, who was shot down in a courtroom in the midst of the fight to clean up San Francisco, is gone now. Hiram Johnson carries on as a United States Senator. Burns is dead. The great Older died only two years ago, after judging a flower show. Ruef, who went to San Quentin, is long since dead, and so is the unfortunate Schmitz. Edward Bowes is now a radio performer in New York and is addressed as "Major Bowes." These men—and others—participated in as dramatic and violent a municipal housecleaning as this country ever saw. When it was all over, out of the smoke of battle emerged a somewhat more decent city, and there also emerged a few cynics, who wondered whether the fight had been worth all the bloodshed, the hatreds, the money and time and newspaper. Out of the earthquake, and out of its civic misadventure, there has risen a San Francisco that in beauty, vigor and intelligent civic management challenges anything in America. Its new bridges are breath-taking. Its hotels and restaurants are excellent. Its homes and clubs have more than ordinary charm. It is still a romantic place, a delight to any one who sees it for the first time. Heney was an honorable and dynamic factor in both the old and the new.—New York Herald-Tribune.

## General Hugh S. JOHNSON Says

NEW YORK CITY, N. Y.—In marked contrast with the Maritime Commission, which has just handed in a report on the sick shipping industry—a report rarely equalled for courage, frankness and efficiency—is the Bituminous Coal Commission.

It was set up to restore another sick industry and put tens of thousands of miners to work at union wages. There is no labor dispute there. With few exceptions the operators regard their contract with Mr. John Lewis' United Mine Workers, as an asset. Nobody is more firm in his conviction than Mr. Lewis that when, at union wages, coal costs \$1.39 at the pit mouth, operators can't keep miners at work if railroads and great corporations take advantage of the demoralization of the industry and insist on buying their coal at 70 to 80 cents. They are now taking coal away from both miners and operators without paying what it is worth.

The public gets little benefit. They don't buy their coal at 80 cents a ton. It is precisely the same situation that N. R. A. encountered when it first struck the desolated bituminous coal industry. The President understood the situation thoroughly because he came from a family of coal operators. We arrived at regional prices that would permit fair wages, continuous employment, and a small profit. We did it by negotiation and decision and with the constant support and pressure of the President. We put that degraded industry into the black for the first time in years, relieved the most distressing labor situation in the United States and if the consuming public was prejudiced or made any kick, I never heard it.

I mention this to prove it can be done. There is no longer anything theoretical about it. N. R. A. went out. The code structure collapsed again but, so far as this tortured industry was concerned, there has never been very much difference of opinion that, in the interests of the whole community, bituminous coal needed a restoration of the principles of the old code.

Finally, after one futile attempt, Congress gave the industry what it needed in the Guffey Act. Instead of leaving it to an administrator, that act provided a commission.

It has been appointed. It has been on the job more months than N. R. A. worked days before it produced the coal code. The Commission has done precisely nothing. Employers and employees in the industry are equally disgusted. The Commission squabbles over picayune patronage, concerns itself with prima donna preferences, fumes, fiddles and quarrels over office furniture and which Commissioner shall have precisely what style of brass goobin in his office—while the whole industry and tens of thousands of miners and hundreds of thousands of miners' dependents are living on little or nothing.

If ever there was an administrative situation that needed a swift kick in the pants from supreme authority, this is it. The difference between action and paralysis lies in leadership, such as Joe Kennedy gave the Maritime Commission, or Jim Landis following Joe gave the S. E. C. Without that, a commission is a morgue—such as the Federal Trade Commission. This outfit isn't even a morgue where the corpses are still on view—it's a graveyard.

The disorganization here is another cause for the present business recession. With winter coming on, unemployment and lack of buying power in the submerged third increasing, here is one spot where a little action would make a lot of business.

This condition is more than a reproach to the Administration. The Commission is Senator Guffey's particular baby. It has turned its attention more toward political patronage than to economic action. A good many people are slightly apprehensive that the Senator's great abilities and energies also lie more in that direction. It would also help his sterling standing as Senate New Dealer Number One to spill a drop of turpentine on these somnolent kiyoodles of his own choosing.

### THE TEST OF TOM DEWEY

WASHINGTON, D. C.—Since New York City and state provide the best spring-board for national politics—its 47 presidential votes occupying the biggest dormitory on the electoral college campus—New York politicians have a long head-start in the race for political prominence. Neither in business nor in politics is it possible for the rest of the nation to ignore the set-up which has given the G. O. signal to both of the great Roosevelt, to John W. Davis, Alfred E. Smith—and to J. P. Morgan & Co.

It is, therefore, important to take note of the raptures with which national Republicans have hailed the election of Mr. Thomas E. Dewey as district attorney for New York county in the recent

LaGuardia landslide. It is also amusing to note the G. O.'s apparent disposition to short-circuit the Little Flower, who persuaded Dewey to run and put him across, in favor of Fiorelli's subordinate on the Fusion ticket.

Now Tom Dewey happens to be an able, honest and energetic young lawyer. He also happens to be a Republican. He did a very efficient clean-up job as special prosecutor of some of the minor New York rackets, culminating in the conviction of "Lucky" Luciano, head of the vice-ring and of other lucrative extra-mural metropolitan appetites.

He has won respect and popularity by his fearlessness and his success in striking down some of the slimmier parasites of his com-

munity. He proved himself to be a wily and vigorous campaigner and enlisted on his side a sense of real civic zeal on the part of many white-collar laddies who had hitherto kept their politics in their pants-pockets. I admire his nerve. But the real test lies before him. It is always popular and exciting to smother "vice-rings" and clean up market-racketeers. Housewives do not like to pay toll . . . their family food-poly and commercial vice is a social evil which few Americans condone. But just as it is more exciting to wage a campaign against venereal diseases than against the diseases of slum-overcrowding and malnutrition, so it is easier for a city prosecutor to strike at a "Lucky" Luciano than to attack the big industrial "respectable racket" which levies heavier toll on a community's income and welfare.

Take, for example, Joe Ryan's New York Teamsters' outfit—the labor gang which taxes every pound of freight landed on Manhattan. "Fine!" say the conservatives. "Fascism!" yell the laborites. Wait a bit, though. Ryan ties in directly with the whole big business transportation racket in New York harbor: the I. M. M., the docks and pier-leases, the tugs and lighters—the whole organization by which New York bleeds trade in transit.

Dewey might not mind taking them on, too, at the risk of offending some of his republican admirers. But behind the shipping racket is the largest transportation racket in the Western Hemisphere—the racket which uses the Hudson river as a moat for New York City and southern New England. You can cross the Connecticut, the Delaware, the Susquehanna, the Potomac and the Mississippi rivers without paying toll but try to cross the Hudson for nothing. There isn't a free bridge south of Albany.

The New York port authority is organized as a smooth front to operate the much-vaunted toll and tunnels on principle but the net result is still as though there were a tariff wall around New York City and the cities of the Sound, against southern and western trade and travel. This is big stuff. There are free bridges to Long Island and across the Harlem river, but you pay at the Holland tunnel, you pay on the George Washington bridge, you pay at Bear Mountain and you pay at Foughkeepsie. Before the war, when William Gibbs McAdoo forced through the Hudson tunnels to Hoboken, he had to fight all Wall Street in the process. When Jim Farley suggested building a bridge across the Hudson from Nyack to Tarrytown last year, the New York port authority rushed its agents up and a loud lobby began to howl dismally. Why?

The answer is the old one: monopoly. The answer is the Pennsylvania railroad, the New York Central, the Erie. The answer is J. P. Morgan & Co. The answer is the huge banking and industrial complex which runs America and of which the Teamsters' Union is only a small and squeaky cog.

If Mr. Dewey goes ahead on this promising trail of respectable graft and dignified loot affecting the welfare of his city, he will find the Republicans looking elsewhere for a candidate. A few men—including Franklin Roosevelt and Fiorelli LaGuardia—have gone after the big rackets the hard way. If Tom Dewey has the stuff, he is still young enough to follow in their train and serve the public interest not only in New York but throughout the country. Has he got the courage and the will to try it?

### CURE OF CORNS WON'T LAST UNLESS SHOES OF PROPER FIT ARE OBTAINED

This is the 20th of a series of articles in which Dr. Morris Fishbein discusses diseases of the skin.

When the skin on any portion of the body is repeatedly rubbed, it responds by thickening. The thickened area is called a callus. On the toes it is a corn.

Usually corns and calluses appear on the feet more often than any other portion of the body. They are found, however, on the hands of mechanics, golfers and others who subject the hands to repeated rubbing. Calluses will also be found on the knees of scrub-women and frequently on the shoulders of porters.

In most instances, calluses or corns on the feet are associated with badly fitting shoes. They are found at points at which the shoes are most likely to rub the foot—namely, on the ends of the toes, on the upper sides of the joints (particularly in people whose shoes are too short), and between the toes when the shoes are too narrow. A corn or callus will become painful just as soon as it involves a nerve ending.

There are so many remedies for corns and calluses that almost everyone tries his own corn cure. The ordinary commercial corn cure is a mixture of salicylic acid with some other substances which will

hold the salicylic acid in solution or suspension so that it can act over a long period of time on the thickened skin. The salicylic acid will soften the skin so that it will come away.

Many people year after year cut away the tops of corns or calluses, but they immediately recur because the causative mechanism has not been controlled.

A specialist in disturbances of the feet will usually change the shoes or apply pads, braces or wedges so that the pressure will be taken off the spot at which the corn or the callus appears. Removal of this pressure will usually result in a disappearance of the corn at that point.

Soft corns between the toes, most frequently between the fourth and fifth toes, are often associated with an infection by the ringworm fungus. The use of short and narrow pointed shoes pushes the little toe backward and produces friction, between the joints of the first bone of the fourth toe and the head of the first bone of the fifth toe.

It is possible to remove soft corns between these two toes by applying various treatments which, however, may be painful because the tissues here are so tender. Sometimes a single treatment with radium or the X-ray will bring about permanent relief.

## News Behind the News

WASHINGTON, Nov. 13.—The undertone of this assembling congress is a vawn more than anything else.

Leaders have been sauntering in, stretching themselves and vaguely inquiring what it is all about. The secret of that is most of them did not want a special session, do not want it now. Their personal attitude seems to be that Mr. R. called it; now he must decide what to do with it. Actually a dictaphone installed at their first get-together meeting would have recorded mostly silence. The answer to that is the President's program bills generally are not ready for swift handling, and house leaders, for example, had difficulty finding something to do until the farm bill could be presented.

This is largely looting before the fighting but it indicates also that legislation is going to start flowing like molasses in January and legislators are going to be as hard to handle as they were in July.

Note—Apparently Mr. R. is preparing to liquify this situation by handling Congress himself personally. His former men have been missing from capitol corridors.

A hint that all is not well is disclosed in the manner in which the President privately summoned the leaders.

It now develops that a day or two before the proclamation was issued, Mr. Roosevelt called four or five of the leaders, one by one, on the long distance telephone.

After a few personal remarks and inquiries concerning their health (but not their political views) the President spoke in substantially this tone, but not, of course, in these exact words:

"Just wanted to let you know we're going to have a special session up here."

That was the extent of consultation.

There are tricks in all Washington trades, but more of them in the treasury than elsewhere.

For instance, the Morgenthau broadcast sounded like the New Deal is here. No more taxes balancing the budget and reopening the private capital market looked like just what the business doctor ordered. Don't be too sure. Certain little slights were hidden in it which are certainly contradictions if not hocus-pocus.

One was the promise of no new taxes, while at the same time suggesting broadening of the income tax base. Even non-experts know such broadening would mean new taxation for millions of people.

The other one was nearer—the promise to hold next year's expenses within this year's revenue and thus balance the budget. That

promise is no better than next year's revenue which is already receding as a result of the business recession.

Note—Rumors are about in Congress that an inside Morgenthau-LaFollette alliance is going to push toward broadening the base. It will not push very far. A majority of incoming representatives appear to be strongly against it—in a campaign year.

Today's 1940 Republican prospect—Senator ("Lone Wolf") Borah age 72, whose biography in Who's Who relates that he was "the outstanding advocate of Hiram Johnson for president in 1920, and of Herbert Hoover for president in 1928;" probably the smartest political mind in the Republican party and its strongest figure; has no personal organization and no outstanding allies but the Landon-Hoover organizations difficulties have at least split his opponents; his prominence is likely to be enhanced at the coming session as his subjects are again trust monopolies and farm relief.

His chance: his age probably will be whispered against him but Chief Justice Hughes is three years older and doing a very active job of leadership; his lack of organization probably will prevent him from grabbing the nomination but he may have a bigger voice than last time in saying who will get it.

Rules Chairman O'Connor announced some weeks ago he had the votes to report the wages and hours bill—and now he has been trying to find them. He started button holding his incoming committee a week ago, learning to his dismay that he had spoken too soon.

The lamneck business bloc (representatives opposing wages and hours) did not develop much strength last session, is not likely to now. The plain inside on that, is many Democratic congressmen do not like to join blocs of open opposition. They prefer to do their knifing in private.

One returning leader, reading the rumor that Mr. R. called the special session because he wanted Congress on hand for unexpected international developments, observed to his colleagues:

"Getting Congress into session is one way to get unexpected international developments. As soon as these boys start talking, there will be developments aplenty."

The trouble is that, over here, we know when Ham Fish says something, it does not necessarily mean something, but they do not know that in Tokyo.
